VOLLRATH 26237-1 Drop In Induction Retherm

Product Specifications

- Manufacturer: Vollrath Company, L.L.C.
- Model: Part No. 26237-1
- Installation: Rim Gasket
- Country of Origin: U.S.A.

Product Usage Instructions

Installation Instructions

1. Ensure the rim gasket is not stretched during installation.
2. If necessary, use a pair of scissors to trim the gasket to the correct length.
3. Refer to the Operator's Manual for detailed installation procedures.

FAQs (Frequently Asked Questions)

- **Q: How do I know if the gasket needs trimming?**

A: If the gasket appears too long or is causing difficulty in fitting, it may need trimming. Use scissors for precision.

- **Q: What if I have trouble with the installation procedure?**

A: If you encounter any issues during installation, please contact our Customer Service at 800.628.0830 for

assistance.

Contact Vollrath Company for any further inquiries or support.

Installation Instructions

Mirage® Drop-in Induction Warmer/Rethernalizer Gasket Installation

Purpose

This document is a supplement to the Operator's Manual. It explains how to install the gasket onto the rim of the Mirage® Drop-in Induction Warmer and Rethernalizer. Install the gasket before performing the installation procedure in the Operator's Manual.

NOTICE: Gasket installation is mandatory. Failure to install the gasket will void the warranty.

1. Turn the equipment so the bottom is facing up.
2. Set the equipment on a stable surface, such as a countertop.
3. Lubricate the gasket with a small amount of liquid dish soap or water.
4. Carefully press the groove of the gasket onto the underside edge of the rim. Take care to evenly press the gasket as you feed it onto the rim, without stretching it.

5. If needed, use a scissors to trim the gasket to the proper length.
6. Continue with the installation procedure in the Operator's Manual.
