VonShef 2000157 Single Induction Hob

Please read all instructions carefully before use and retain for future reference.

- **ATTENTION** This appliance has a thermal cut out switch. The thermal cut out will activate and shut down the appliance should the appliance overheat. Unplug from the mains and or battery and allow to cool for 30 minutes before re-use.
- **CAUTION** Do not immerse in water.
- **CAUTION** hot surfaces
- **IMPORTANT:** Remove the protective film from the control panel before first use to ensure touch sensitivity.

Please read all instructions carefully before use and retain for future reference.

- **INTENDED USE:** Only operate the appliance for its intended purpose and within the parameters specified in this manual.
- This appliance is for domestic use only. Do not use outdoors or on wet surfaces.
- This appliance is not intended for use by persons with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless supervised or given appropriate instruction concerning the product's use by a person responsible for their safety.
- The appliance is not intended to be operated by means of an external timer or

separate remote-control system.

- **GENERAL SAFETY:** Do not allow to be used as a toy.
- Children should be supervised to ensure they do not play with the appliance. If the appliance is not functioning properly, has been dropped, damaged, left outdoors, or immersed in liquid, do not use, contact DOMIJ Brands Customer Services.
- Do not use the appliance if any parts appear to be faulty, missing or damaged.
- Ensure all parts are securely attached as instructed by this instruction manual before use.
- **CABLES AND PLUGS** Check to ensure your electricity supply matches that shown on the rating plate. This product should only be used as rated. Preferably, the socket outlet should be protected by a Residual Current Device RCD (UK/EU), Ground Fault Indicator (US).
- Do not use with a damaged cable or plug. If the supply cable is damaged, it must be replaced by a qualified engineer or authorised service agent in order to avoid a hazard. The use of an extension cable is not recommended.
- Do not handle the plug or appliance with wet hands.
- Keep the cable away from heated surfaces.
- Do not let the cable hang over the edge of the table or countertop where it could be pulled on inadvertently by children or pets. Do not pull the cable around sharp edges or corners.
- Do not leave unattended when plugged in. Unplug from the outlet when not in use.
- Turn off all controls before unplugging.
- Do not unplug by pulling on the cable. To unplug, grasp the plug, not the cable.
- Always unplug before performing user maintenance, connecting or disconnecting attachments, or changing accessories.
- Ensure the cable is stored safely to prevent hazards.
- **RISK OF PERSONAL INJURY** Always locate your appliance away from the edge of the worktop, on a firm, flat, heat-resistant surface with sufficient space around all sides. Do not insert any objects into openings or cover the appliance.
- Do not place any cardboard, plastics or paper inside or on the appliance unless stated in the instructions.
- Do not use the appliance near any combustible surfaces. Only use suitable cookware where applicable.
- Do not use outdoors or near heat sources.

- Take care not to touch any surfaces that may get hot when in use. Take care not to touch any surfaces that may remain hot for a period of time after use.
- Do not overload/overfill the appliance.
- When using for the first time your appliance may give off a 'new' smell or vapour. This will dissipate after a few uses. Do not lift or move the appliance whilst in use.
- Do not operate continuously for periods longer than those marked on the product or indicated in the instructions.
- Ensure the appliance is switched off and unplugged before changing accessories or cleaning.
- Use only as described in this manual and with DOMIJ Brands' recommended attachments only.

CLEANING & MAINTENANCE

- Never soak or immerse electrical or heating components and or a component that has a plug attached.
- Hand washing is recommended; soak in warm soapy water and wipe down using a soft sponge. To remove stubborn stains, use a non-abrasive cleaning brush.
- Do not use abrasive, harsh cleaning solutions or metal scouring pads.
- Never wash any electrical or heating components and or a component that has a plug attached in a dishwasher.

TECHNICAL SPECIFICATION

- Rated Voltage 220-240V
- Rated Power 2000W
- Rated Frequency 50/60Hz

COMPONENT LIST

1. Ceramic Plate.
2. Indicator Lights.
3. Control Panel.
4. LED display.

BEFORE FIRST USE

CAUTION Do not immerse in water.

IMPORTANT: You will need to make full contact with the touch screen sensors in order for all operations on the CONTROL PANEL to work. This may require you to make contact with the button itself and the sensory area surrounding it (it may be necessary to use your thumb rather than finger for better coverage).

3

Increase or decrease power (fig 2)
Augmenter ou diminuer la puissance.
Leistung erhöhen oder verringern.
Aumentar o disminuir la potencia.
Aumentare o diminuire la potenza.

200W - 2000W
MAX

4

Adjust time.
Ajustez le temps.
Stellen Sie die Zeit ein.
Ajusta el tiempo.
Regola il tempo.

5

Increase or decrease temperature.
 Augmenter ou diminuer la température.
 Temperatur erhöhen oder senken.
 Aumentar o disminuir la temperatura.
 Aumentare o diminuire la temperatura.

60-
240°C

7

8

Switch off and allow to cool.
 Éteignez et laissez refroidir.
 Ausschalten und abkühlen lassen.
 Apagar y dejar enfriar.
 Spegner e lasciare raffreddare.

Tips

- Always position the appliance on a flat and stable surface with sufficient space around all sides.

- Ensure the area the appliance is positioned in is fully ventilated.
- IMPORTANT: Do not use pots or pans made from aluminium, copper aluminium alloy. Pans must have a smooth, flat base with a diameter of 12cm -26cm
- Ensure the pan has food inside before placing on the ceramic plate.
- Stir food from time to time to ensure food is cooked evenly.
- Metal utensils are not recommended since they can be heated through the induction hob if left in the pan during cooking
- Temperatures can be adjusted at any time during operation if required.
- Avoid touching any part of the appliance once in operation. The surfaces will get very hot. The use of an oven mitt is highly recommended.
- Once food is fully cooked and the appliance is switched off, allow the cooling fan to stop before disconnecting from the mains outlet.
- The fan takes a few minutes to stop.
- Allow the appliance to fully cool before cleaning.

NOTE: If the cookware is unsuitable for use, the Hob will show “E0” on the LED Display.

NOTE: If the wrong pan is used, the Hob will show “E0” on the LED display.
