LABEL APPLICATION

Please securely stick the labels to the panels as indicated below:

ASSEMBLY INSTRUCTIONS

With the 4-in-1 Steps & Stages Activity Center™ safety comes first. Adult assembly is required. For your child's safety, do not let them play with this toy until it is fully assembled.

1. Insert the Bead Track into the top of the Electronic Panel. Press down until you hear the Bead Track click into place.

2. Attach the Steering Wheel to the front of the Driving Panel, ensuring the bird is positioned at the top. Press firmly until you hear it snap into place.

3. Attach the Door to the front of the Shape Sorting Panel. Align the top and bottom of the hinge with the corresponding slots on the door frame, gently insert until the door is securely in place.

Configuration Assembly

Start by unlocking and separating all of the Activity Panels and base support pieces. Then select one of the following four ways to play:

Stand-Alone Activity Panel

You can use any of the Activity Panels alone for floor play or takealong play. Please remove the Base Supports before using the Activity Panels.

Activity Cube Mode

1. Unlock the locks on the bottoms of the Base Supports and place them on a hard, flat surface. Connect any two Activity Panels together then insert them into the A slots on either side of the cube icon  on the Base Supports. Press firmly until you hear the pieces click together. Repeat the same process with the two remaining Activity Panels.

2. Connect the two sets of panels together, then insert them into the A slots on either side of the cube icon  on the Base Supports. Turn the Cube over and twist the four locks to the locked  position.

3. The extra Base Support piece can be stored behind the round transparent dome on the Gears & Rollers Panel.

Zigzag Mode

1. Unlock the locks on the bottoms of the Base Supports and place them on a hard, flat surface. Connect any two Activity Panels together then insert them into the A slots on either side of the Zigzag icon  on the Base Supports. Press firmly until you hear the pieces click together. Repeat the process with the remaining Activity Panels and Base Supports.

2. Insert the two remaining Base Supports into the B slots on either end of the activity center for stability. Turn the Zigzag over and twist the five locks to the  locked position.

Semicircle Mode

1. Unlock the locks on the bottoms of the Base Supports and place them on a hard, flat surface. Connect any two Activity Panels together then insert them into the B slots on either side of the Semicircle icon  on the Base Supports. Press firmly until you hear the pieces click together. Repeat the process with the remaining Activity Panels and Base Supports.

2. Insert the two remaining Base Supports into the B slots on either end of the activity center for stability. Turn the Semicircle over and twist the five locks to the locked position. 🔒

WARNING
