- Quick Start Guide

WARNING

All packing materials such as tape, plastic sheets, packaging locks, removable tags, cable ties, cords and packaging screws are not part of this toy, and should be discarded for your child's safety

NOTE

Please save this Instruction Manual as it contains important information.

GETTING STARTED

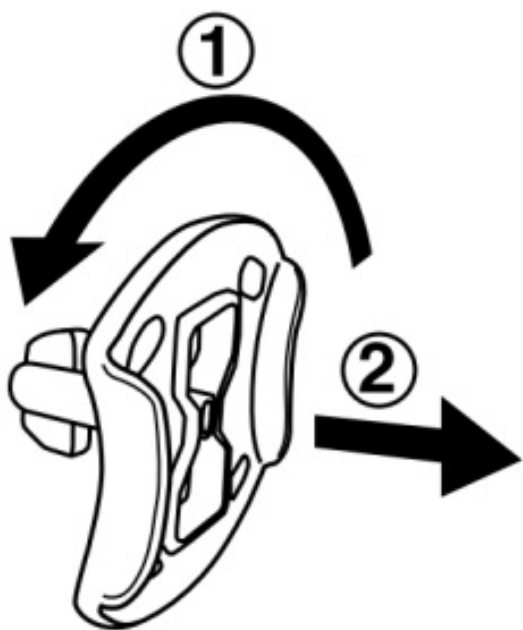

How to Exit Try-Me Mode

The Unicorn is in Try-Me mode in the packaging.

Slide the Off/Low/High Volume Selector at the bottom of the unicorn to turn the unit Off and then slide the switch to either Low Volume  or High Volume  to turn the unit On again.

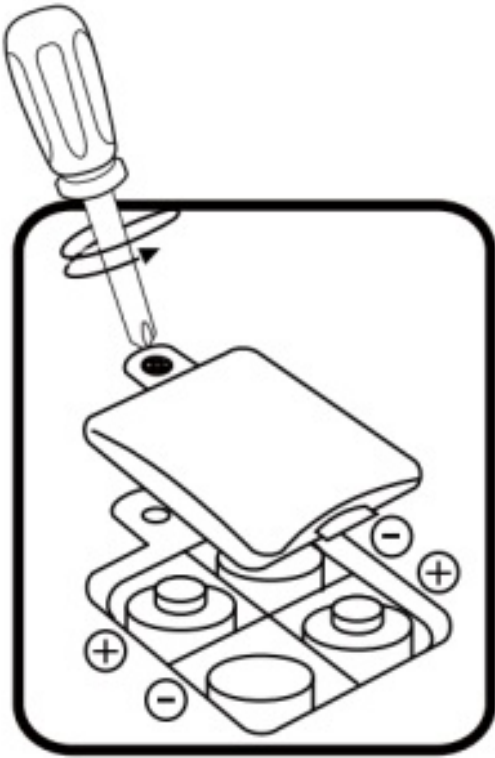

Warning: Chocking Hazard- small parts not for children under 3 years.

Unlock the Packaging Locks

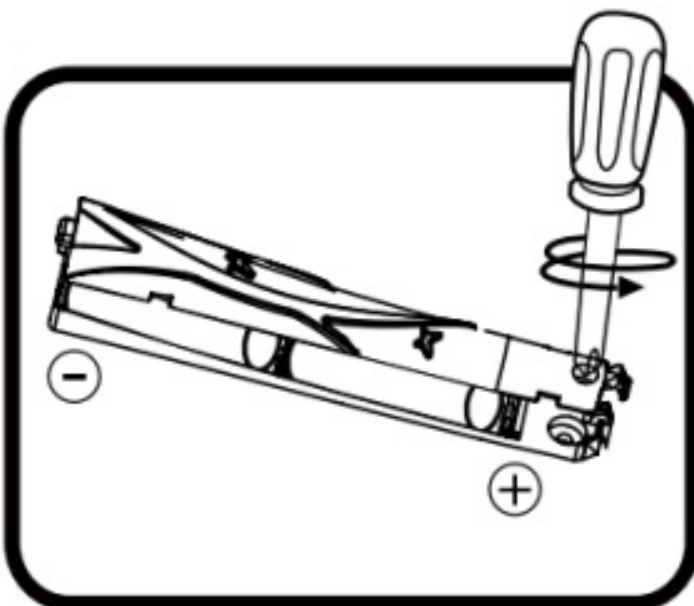

1. Rotate the packaging locks 90 degrees counterclockwise.
2. Pull out the packaging locks and discard.

Battery Installation (Unicorn)

1. Make sure the unit is turned Off.
2. Find the battery cover located on the underside of the unit, use a screwdriver to loosen the screw and then open the battery cover.
3. Remove old batteries by pulling up on one end of each battery.
4. Install 4 new AA batteries following the diagram inside the battery box.
5. Replace the battery cover and tighten the screw to secure.

Battery Installation (Magic Wand)

1. Make sure the unit is turned Off.

2. Find the battery cover located on the side of the unit, use a screwdriver to loosen the screw and then open the battery cover.
3. Remove old batteries by pulling up on one end of each battery
4. Install 2 new AAA batteries following the diagram inside the battery box.
5. Replace the battery cover and tighten the screw to secure.

**WARNING:**

Adult assembly required for battery installation.
Keep batteries out of reach of children.

IMPORTANT: BATTERY INFORMATION

- Insert batteries with the correct polarity (+ and -).
- Do not mix old and new batteries.
- Do not mix alkaline, standard (carbon-zinc) or rechargeable batteries.
- Only batteries of the same or equivalent type as recommended are to be used.
- Do not short-circuit the supply terminals.
- Remove batteries during long periods of non-use.
- Remove exhausted batteries from the toy.
- Dispose of batteries safely. Do not dispose of batteries in fire.

RECHARGEABLE BATTERIES:

- Remove rechargeable batteries from the toy before charging.
- Rechargeable batteries are only to be charged under adult supervision.
- Do not charge non-rechargeable batteries.

PRODUCT FEATURES**1. Off/Low/High Volume Selector**

To turn the unit On, slide the Off/Low/High Volume Selector to the Low Volume  or High Volume  position. To turn the unit Off, slide the Off/Low/High Volume Selector to the Off  position.

2. Magic Wand

Touch the Butterfly Sensor on the Magic Wand to choose a color. Wave the Magic Wand close to Ivy to see her hair, horn, flower, eyes and wings glow in that color.

3. Horn, Eye And Wing Sensors

Touch the Butterfly Sensor on the Magic Wand to choose a color. Touch the tip of the Magic Wand to her Horn Sensor to apply the color to her horn, hair and flower. Touch the tip of the Magic Wand to her Eye Sensor to apply the color to her eyes. Touch the tip of the Magic Wand to her Wing Sensor to apply the color to her wings.

Horn Sensor

Eye Sensor

Wing Sensor

4. Nose Sensor

Boop Ivy's Nose Sensor to hear some sweet phrases and see her wings flap.

5. Sound Sensor

Play any sound and Ivy will interact with you, change colors and flap her wings. The louder you play the sound, the more color changes you will see.

6. Light-Up Charm Button

Press Ivy's Light-Up Charm Button to choose different games and see her light flash.

7. Flower and Wings

Ivy's flower blooms and wings flap when she talks and sings.

8. Automatic Shut-Off

To preserve battery life, Ivy the Bloom Bright Unicorn™ will automatically power-down after several minutes without input. The unicorn can be turned on again by pressing Light-Up Charm Button. The Magic Wand can be turned on again by pressing the Butterfly Sensor to choose a color. If the unit powers down while playing, we suggest changing the batteries.

ACTIVITIES

Standing Mode

All Standing mode games can be selected by ensuring that Ivy is standing upright and then cycling through game modes by pressing her Light-Up Charm Button.

1. Magical Color Me Game

Let's learn how to apply some color on Ivy. Touch the Butterfly Sensor on Magic Wand to choose a color and use the tip of the wand to apply it on Ivy's horn, eyes or wings. Wave the magic wand near Ivy to see her lights glow and hear her adorable responses. Boop her nose to hear cute responses.

2. Sing with Me Game

Press Ivy's Light-Up Charm Button to hear her sing. When Ivy sings a song, her lights will flicker, her flower will bloom and she'll flap her wings. After the song is finished, choose a color on the Magic Wand and touch her horn, eyes and wings or wave the Magic Wand and she'll sing another song for you.

3. Blooming Flower

Blow a kiss towards Ivy to see her flower bloom and she will tell you how she loves you too!

4. Let's Roll Game

Play any of your favorite songs for Ivy and she will flicker her lights along to the music. Ivy listens best if you place the music player on her left side. The louder you play, the more her lights will flicker, but don't play too

loud!

5. **Fashion Color Game**

Wanna know your fashion color? Light up the Magic Wand by touching the Butterfly Sensor and then wave it at Ivy. She'll light up and pick a magic fashion color for you!

6. **Share With Me**

Share something fun or sweet with Ivy to interact with her. Nothing to share? No worries, she's got something fun to share with you!

Cuddle Mode

All Cuddle mode games can be selected by tucking Ivy's legs forward until she is in Cuddle mode and then cycling through the game modes but pressing the Light-Up Charm Button.

7. **Color Cuddle Game**

Ivy needs your cuddles! Use the Magic Wand to touch Ivy or wave the wand to hear her as she tries to fall asleep. It really soothes Ivy when you gently boop her nose.

8. **Color Dream Game**

Everyone dreams! Ivy has her color dreamland too! Ivy has a magical color dreamland, too! Wave the Magic Wand to unlock the color of Ivy's dream! She'll tell you about her dream and loves to hear your dream color, too!

9. **Sing Me a Lullaby Game**

Ivy loves lullabies! Hug Ivy and sing her a soft lullaby to soothe her to sleep. Don't worry if you feel a little shy, Ivy's got a lullaby to sing for you!

SONG LYRICS

Flap Your Wings

We got the beat, we got the beat
We move our, move our, move our feet.
To the right, to the right
To the left and back
Jump, jump and spin
Now flap your wings! Flap your wings! Yeah, flap your wings again!
We got the beat, we got the beat,
We move our, move our, move our feet. Oh yeah!

Colors True

We've got our colors true
To share with me and you,
Lights shine!
Colors bright!
Gather 'round and spread delight!
Shine on, now.

Glow Bright

We're gonna glow bright, glow bright, with rainbow light!
We're gonna sparkle until the sky shines with light.
Glow bright, glow bright
All through the night,
We're gonna sparkle until we fill your life with delight.

We Got Every Color

We got every color, every single one,
We got all the colors, we got all the fun,
We got a rainbow, we got the light,
We got the glitter, watch us, glowin' bright.

Drop the Beat

Hooves go tappin' on clouds tonight
Wings go flappin' and fly alright
The horn gets its glow, gets its glow, gets its glow
Drop the beat, drop the beat
Hey, everybody drop the beat!

Live Your Dream

We're gonna flap our wings and light up the sky
We're gonna flap our wings and fly so high
We're gonna flap our wings and reach for the stars
You can live your dream no matter who you are
Let your colors shine!

Dream comes true

Let's spread color all across the sky
Let's make flowers bloom, you and I.
I've got a magical wish I hope comes true
My dream is to stay with you.

Sprinkle light

We could all use a little color, all use a little light.

Like a flower spreading its perfume
It makes everything feel all right,
Add a little color, sprinkle in some light,
Just might feel
A little appeal
And help make everything bright

CARE & MAINTENANCE

1. Keep the unit clean by wiping it with a slightly damp cloth.
2. Keep the unit out of direct sunlight and away from any direct heat source.
3. Remove the batteries when the unit is not in use for an extended period of time.
4. Do not drop the unit on hard surfaces and do not expose the unit to moisture or water.

TROUBLESHOOTING

If for some reason the unit stops working or malfunctions, please follow these steps:

1. Please turn the unit Off.
2. Interrupt the power supply by removing the batteries.
3. Let the unit stand for a few minutes, then replace the batteries.
4. Turn the unit On. The unit should now be ready to play again.
5. If the product still does not work, replace an entire set of new batteries.

IMPORTANT NOTE:

If the problem persists, please call our Consumer Services Department at 1-800-521-2010 in the U.S., 1-877-352-8697 in Canada, or visit our website vtechkids.com and fill out our Contact Us form located under the Customer Support link. Creating and developing VTech products is accompanied by a responsibility that we take very seriously. We make every effort to ensure the accuracy of the information, which forms the value of our products. However, errors sometimes can occur. It is important for you to know that we stand behind our products and encourage you to contact us with any problems and/or suggestions you might have. A service representative will be happy to help you

Caution

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.

- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
