- · Quick Start Guide

## **WARNING**

All packing materials such as tape, plastic sheets, packaging locks, removable tags, cable ties, cords and packaging screws are not part of this toy, and should be discarded for your child's safety.

#### **NOTE**

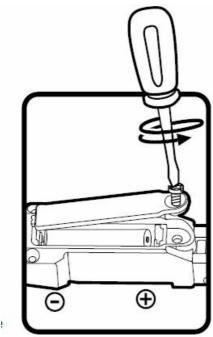

Please save this Instruction Manual as it contains important information.

## **GETTING STARTED**

## **Exit Try-Me Mode:**

The product is in try-me mode in the packaging. To exit try-me mode, just slide the Off/Dino Mode/Vehicle Mode Switch from Vehicle mode to Dino mode/Off.

## **Battery Removal and Installation**

- Make sure the unit is turned Off.
- 2. Find the battery cover located on the bottom of the unit. Use a screwdriver to loosen the screw, and then open the battery cover.
- 3. Remove the old battery by pulling up on one end of the battery.
- 4. Install 1 new AAA battery following the diagram inside the battery box. (For best performance, alkaline batteries or fully charged Ni-MH rechargeable batteries are recommended).
- 5. Replace the battery cover and tighten the screw to secure.

#### **WARNING:**

Adult assembly required for battery installation. Keep batteries out of reach of children.

# IMPORTANT BATTERY INFORMATION

- Insert batteries with the correct polarity (+ and -).
- · Do not mix old and new batteries.
- Do not mix alkaline, standard (carbon-zinc) or rechargeable batteries.
- Only batteries of the same or equivalent type as recommended are to be used.
- Do not short-circuit the supply terminals.
- Remove batteries during long periods of non-use.
- · Remove exhausted batteries from the toy.
- Dispose of batteries safely. Do not dispose of batteries in fire. RECHARGEABLE BATTERIES:
- · Remove rechargeable batteries from the toy before charging.
- Rechargeable batteries are only to be charged under adult supervision.
- Do not charge non-rechargeable batteries.

## Disposal of batteries and product

The crossed-out wheelie bin symbols on products and batteries, or on their respective packaging, indicates they

must not be disposed of in domestic waste as they contain substances that can be damaging to the environment and human health.

The chemical symbols Hg, Cd or Pb, where marked, indicate that the battery contains more than the specified value of mercury (Hg), cadmium (Cd) or lead (Pb) set out in the Batteries and Accumulators Regulation. The solid bar indicates that the product was placed on the market after 13th August, 2005. Help protect the environment by disposing of your product or batteries responsibly.

## VTech® cares for the planet

Care for the environment and give your toy a second life by disposing of it at a small electricals collection point so all its materials can be recycled.

#### In the UK:

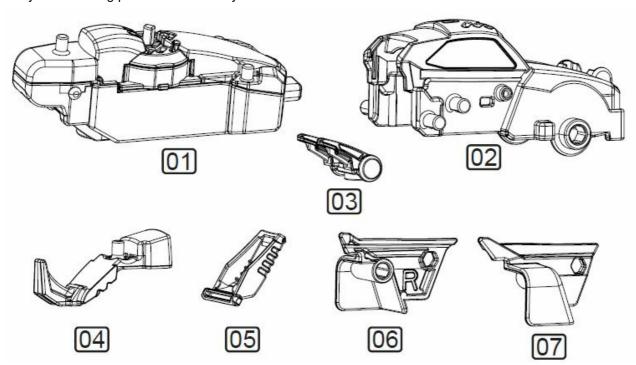

Visit www.recyclenow.com to see a list of collection points near you.

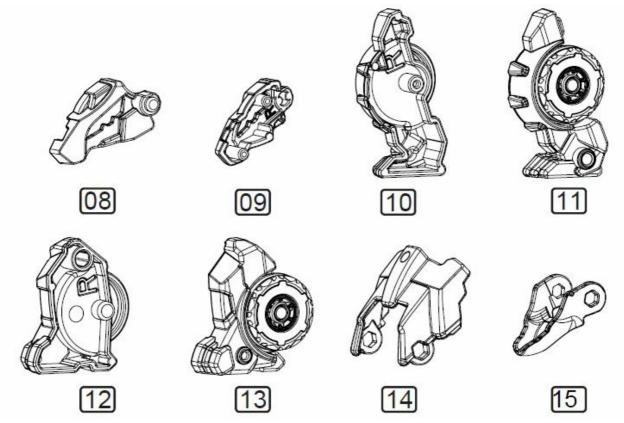

#### In Australia & New Zealand:

Check with your local council for kerbside collections.

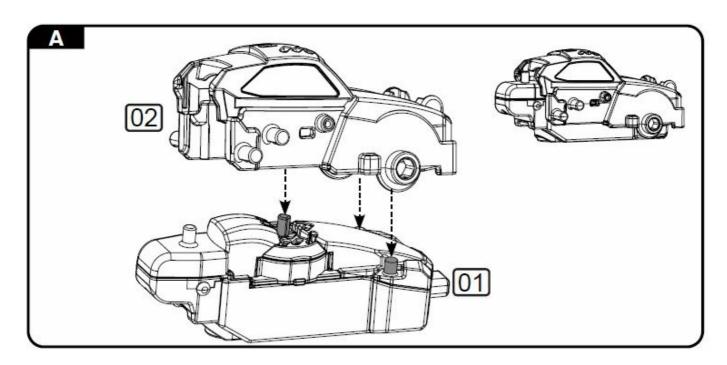

#### **ASSEMBLY INSTRUCTIONS**

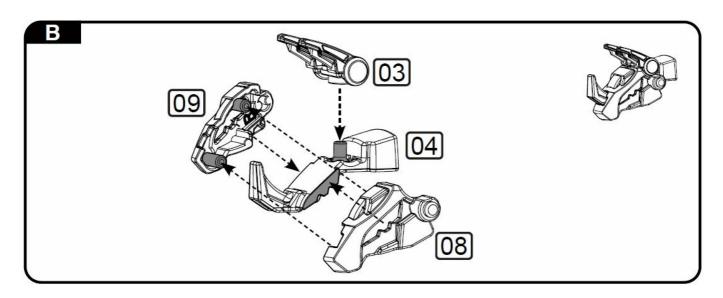

1. Identify the following pieces for assembly:

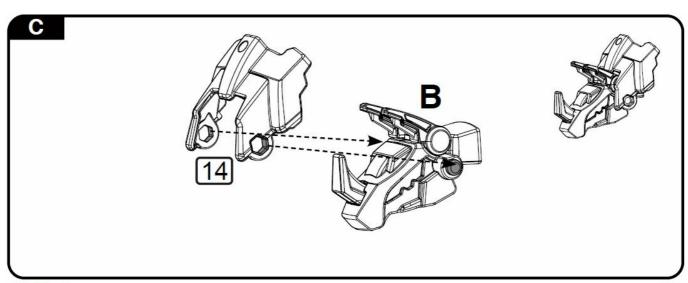

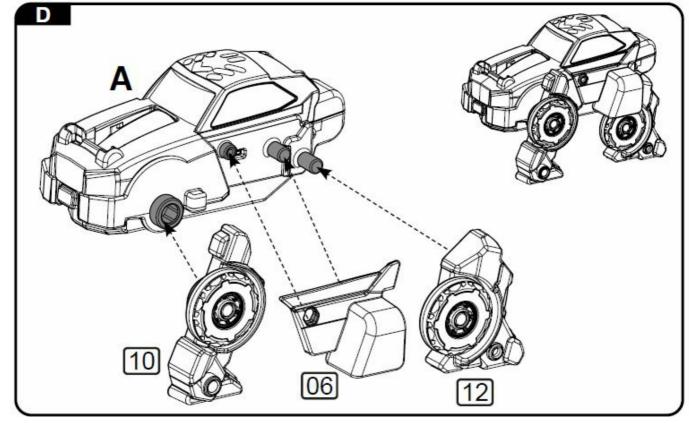

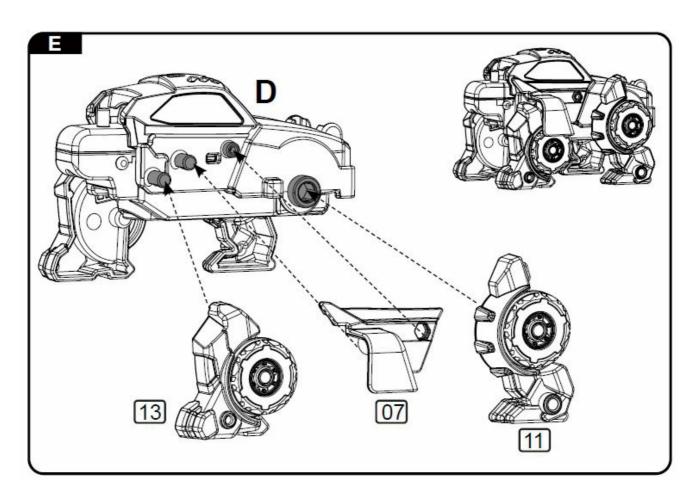

2. Separately install the A, B, C, D, E, F and G parts as shown in the illustrations.

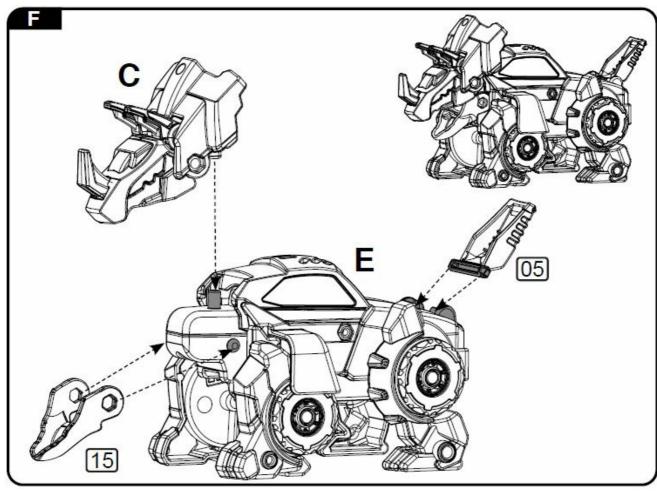

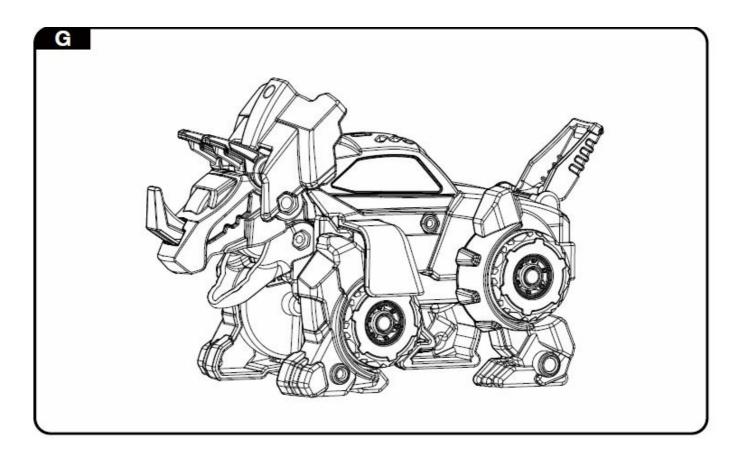

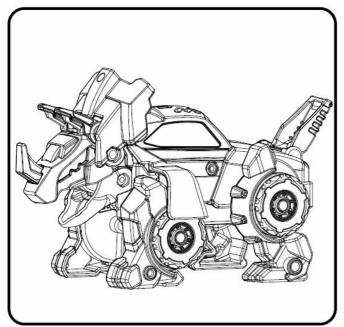

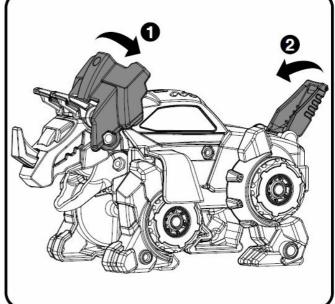

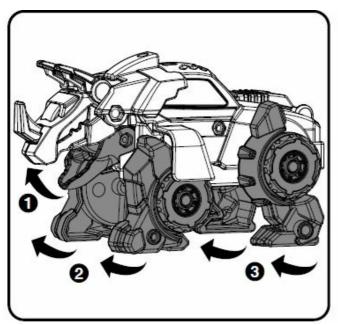

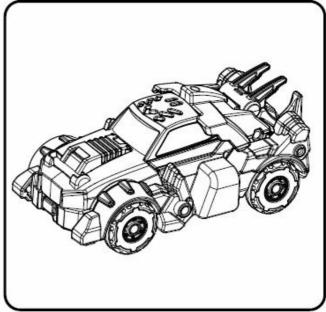

## **HOW TO SWITCH**

- 1. Dino mode.
- 2. Flip down the crest, then flip down the Dino's tail.

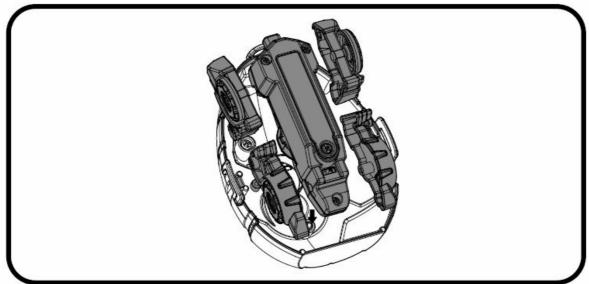

- 3. Close the Dino's mouth, then flip up the front legs. Next, flip up the back legs.
- 4. The Dino is now in Vehicle mode. Slide the Off/Dino mode/Vehicle mode Switch to Vehicle mode to play Vehicle responses.

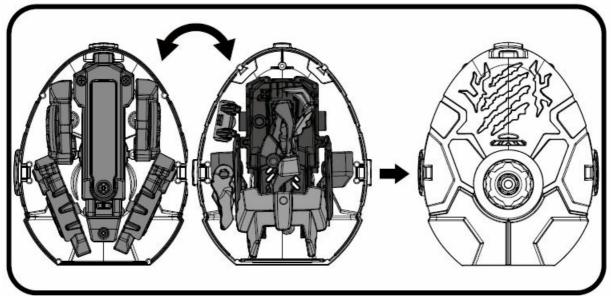

**Note:** To switch from Vehicle mode to Dino mode, follow the above steps in reverse order.

## **EGG SHELL DINO STORAGE**

Triceratops can be dismantled and stored back inside the egg shell. Follow the below steps to store Triceratops:

Place the battery module and the 4 dino legs into the egg shell as illustrated.
