**WALKOLUTION MT300 New Work Under Desk Treadmill**

## **MT300 & MT300R Under Desk Treadmill**

### **Product Information**

The MT300 & MT300R Under Desk Treadmill is a product from Walkolution. It is a treadmill designed to be used under a height-adjustable desk, whether at home or in the office. The treadmill is compact in shape, and it comes with four wheels for easy repositioning. Additionally, it is the first and only silent treadmill in the world market, which makes it ideal for use in quiet working environments.

The MT300 & MT300R Under Desk Treadmill is maintenance-free, thanks to its industrial-grade steel components that enable intense daily usage without the need for maintenance. It has a load capacity of up to 160 kg and can be used with shoes or while barefoot. It has a patented motorless design that enables gravity-driven self-propelled operation, making it intuitive to use by any age group.

The product is handmade in Walkolution's own high-tech factory in southern Germany, and it features exclusive usage of solid sustainable materials. The MT300R version comes with an optional backrest and standing aid, which provides comfort and relaxation during short breaks.

### **Technical Data**

- Total Dimensions: Length 140 cm, Width 64 cm, Height 27 cm
- Walking surface dimensions: Length 140 cm, Width 47 cm
- Treadmill Weight: 85 kg (+ standing aid: 5.8 kg)
- User weight: 160 kg
- Recommended speed: 0.1 – 6 km/h
- Packaging Dimensions: Length 150 cm, Width 80 cm, Height 50 cm
- Included items: Walkolution Treadmill, Performance Feet Kit, Backrest (MT300R)

### **Product Usage Instructions**

Before using the MT300 & MT300R Under Desk Treadmill, ensure that the treadmill is positioned correctly underneath the height-adjustable desk. The treadmill comes with four wheels for easy repositioning. After positioning, ensure the treadmill is secured in place to prevent any accidental movement while in use.

To operate the treadmill, step onto the walking surface and start walking at a comfortable pace. The patented motorless design enables gravity-driven self-propelled operation, making intuitive to use by any age group. The recommended speed is between 0.1 – 6 km/h.

The product is suitable for home offices, business, and other work areas. It is easy to reposition and can be used with shoes or while barefoot. The MT300R version comes with an optional backrest and standing aid, providing comfort and relaxation during short breaks.

When not in use, ensure the treadmill is turned off and unplugged from the power source. Clean the walking surface with a damp cloth to remove any dirt or dust.

## MT300 & MT300R NEW WORK

The manual under desk treadmill MT300 is particularly quiet and the perfect addition to an own height-adjustable desk, whether at home or in the office. Thanks to its compact shape and four wheels, swapping the chair and treadmill is easy.

The optional standing aid is ideal for a short break in between, so you can lean back and relax.
