Pull out this product from the device port if it is not in use for a long time. Do not use this product in high temperatures, dusty, or humid environments.

## **FCC Statement**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. The device has been evaluated to meet the general RF exposure requirement. The device can be used in portable exposure conditions without restriction.

## **FAQs**

**What devices can I use the W10 Bluetooth Adapter with?**

You can use it with any device that has a 3.5mm AUX input, such as car stereos, speakers, home audio systems, or wired headphones.

**Does the W10 Bluetooth Adapter support Bluetooth 5.0?**

Yes, most W10 models support Bluetooth 5.0, offering faster transmission, lower latency, and a longer range (up to 10 meters).

**How is the adapter powered?**

The W10 adapter typically uses a USB plug for power. You can connect it to a car USB port, power bank, or wall adapter.
