WATTECO

WATTECO Netw'O Range LoRaWAN Tester

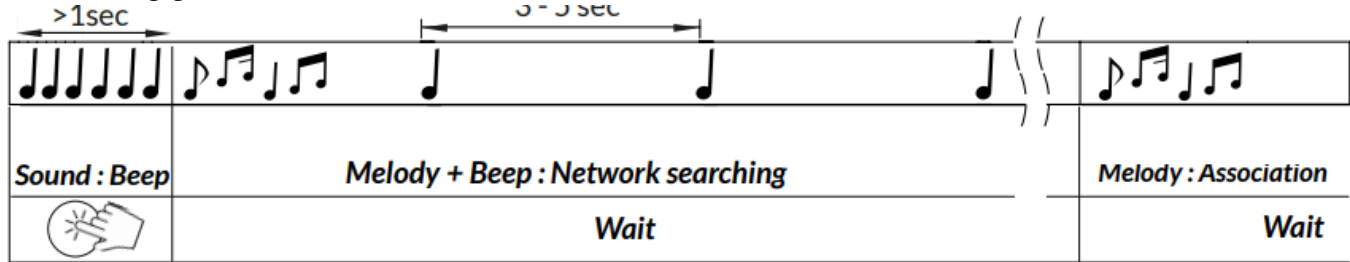

Start

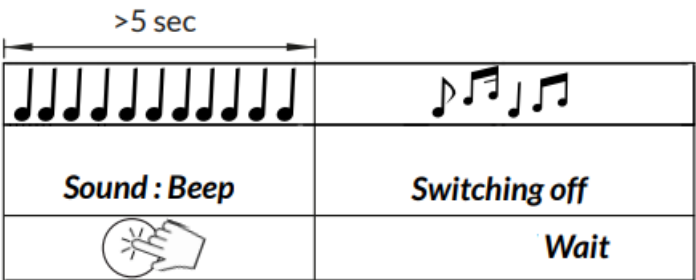

Provision the device on your LoRaWAN® network with the keys available on a secure platform.

ON: flashing green LED

OFF: / green LED OFF

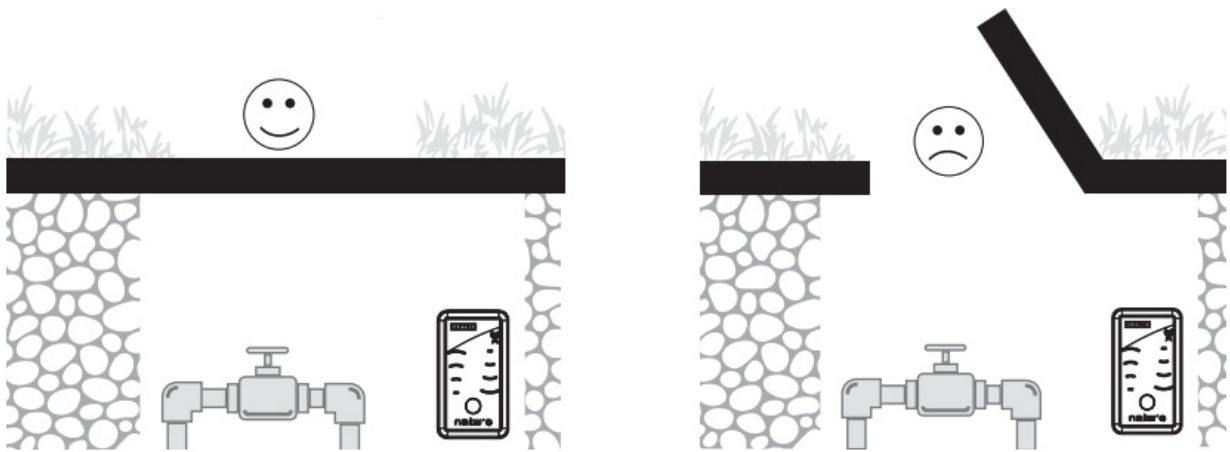

Video:
ON – OFF

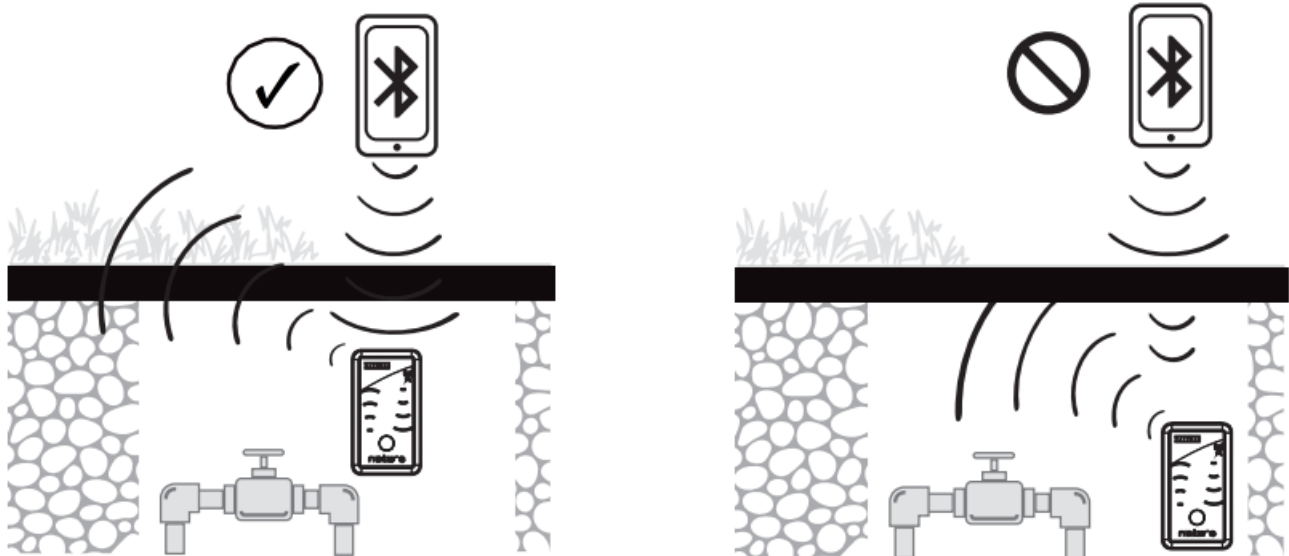

Radio propagation

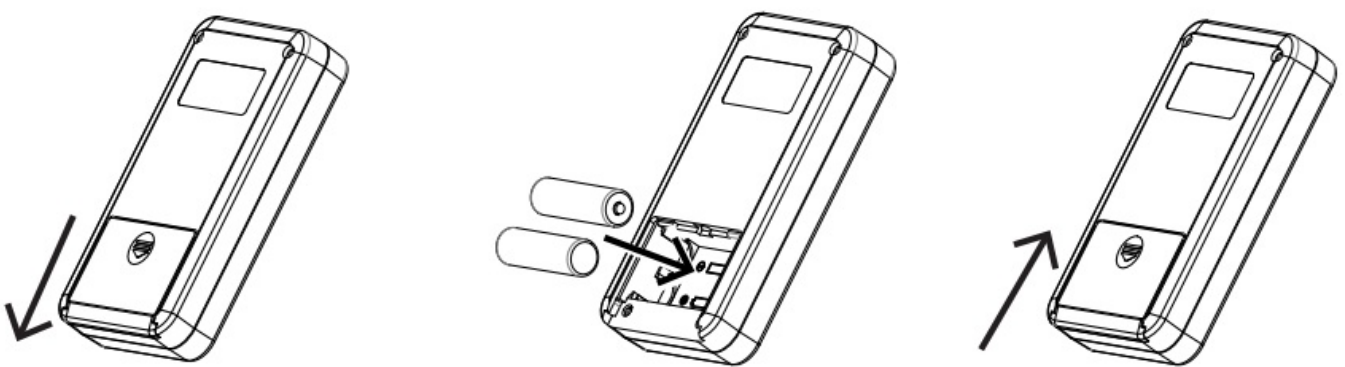

Put yourself in the real context of use of the final product (door, closed plate,...)

Use the application (QR code on previous page) to view the levels of radios.

Battery change

- Open the base by sliding down the base on the back of the case.
- Replace the batteries (rechargeable or not) respecting the direction and type: AA 1.5V battery.
- Close the base by sliding it into the housing.
