5. Flashlight: press once to turn on/ press twice emergency/ First Aid mode
6. TF card
7. Charging port

Pairing the device with phone:

- Power device on
- Go to Bluetooth on your smartphone-> choose Tune it up to pair the two devices

Charging device: charge using the USB wire attachment or the 5V/ 1A power cord included

Troubleshooting: Will not connect:

- Verify Bluetooth is turned on / enabled on the smartphone
- Too many peripheral wireless devices are searching; close to other wireless devices not in use at the time

Sound too low or is distorted: Increase volume on smartphone

Breaks in the music/output intermittent: The device is too far from the phone causing a poor connection. Move devices within 10 yd range

- **Audio power:** 3.7V- 1500mA
- **Charge output voltage:** 5V 500mA or 1A 5V

FCC Warning

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. This equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by the manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference,
2. This device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of Ocm between the radiator and your body.
