WHATOOK LH2203 Handheld Mini Fan

INTRODUCTION

With the WHATOOK LH2203 Handheld Mini Fan, you can stay cool wherever you go. It's the ideal summertime travel companion for beach days or everyday commutes. This stylish and little fan, which WHATOOK introduced in 2024 and only **\$19.99**, is not only portable but also incredibly powerful and efficient. With its ultra-fast brushless motor that can reach 13,500 RPM, it can reach wind speeds of up to 8.5 m/s, which is twice as much as the majority of tiny fans available on the market. The fan has an effective 10-watt system for long-lasting performance, five wind levels, and a handy touch control interface. You can have a full day of cooling on a single charge because to the quick USB charging and 10-hour built-in battery life. With its fashionable pink color and lightweight weight of only 7.8 ounces, this is a lovely gift for friends or for yourself as well as a necessary travel item.

SPECIFICATIONS

Product Name	WHATOOK LH2203 Handheld Mini Fan
Brand	WHATOOK
Price	\$19.99
Color	Pink
Fan Design	Table/Handheld Mini Fan
Style	Mini Fan
Product Dimensions	1.97" D x 2.35" W x 5.5" H
Weight	7.8 ounces
Form Factor	Handheld
Room Type	All Room
Indoor/Outdoor Use	Both
Power Source	Battery Powered, USB Rechargeable
Battery Life	6–10 hours
Charging Time	~2.5 hours to 80% via 2A fast charging
Voltage	5 Volts
Wattage	10 watts
Blade Material	Plastic
Number of Blades	4
Speed Levels	5-speed levels
Max Speed	13,500 RPM
Max Wind Speed	8.5 m/s (twice as strong as ordinary fans)

Efficiency	High efficiency wind conversion
Wind Features	Wind gathering design for focused cooling
Control Method	Touch control button
Controller Type	Button & Touch
Switch Type	Touch (press and hold for 2 seconds to turn off)
Connector Type	USB
Included Components	USB Cable, Touch Control Button
Special Features	Ultra-high wind speed, Portable, Cordless, Compact
Recommended Uses	Travel, Beach, Outdoor cooling, Summer essentials
Collection Name	Summer
Is Cordless	Yes
Size	Small
Gift Idea	Suitable as a gift for female friends due to its stylish design

FEATURES

- **Wind Speed:** Blows air at up to 8.5m/s twice as powerful as many other portable fans.
- **Motor Power:** Features a high-speed brushless motor that spins at 13,500 RPM for quick cooling.

- **Speed Levels:** Offers 5 different airflow speeds to match your comfort needs.

Cooler Air from Ultra-high Speed

- **Battery Life:** Runs for 6 to 10 hours depending on speed level and usage.
- **Charging Time:** Charges up to 80% in about 2.5 hours with a fast 2A USB cable.
- **Portability:** Compact and lightweight design makes it easy to carry in your pocket or bag.
- **USB Rechargeable:** Comes with a USB charging cable, compatible with laptops, power banks, and more.
- **Touch Control:** Simple button interface with single tap to switch speeds and long press to turn off.
- **Quiet Operation:** Produces minimal noise, ideal for use at work, travel, or while resting.
- **Design:** Comes in an attractive pink color and has a sleek modern look.
- **Durability:** Made from strong plastic material that resists wear and tear.
- **Cordless Use:** No cables needed once charged enjoy wire-free cooling.
- **Safe Blade Cover:** The protective cover keeps fingers safe during operation.
- **Gift-Worthy:** Makes a great personal gift for women or friends who travel often.
- **Multi-Use:** Great for outdoor use, daily commutes, makeup routines, or beach trips.

SETUP GUIDE

- **Unpack Carefully:** Remove the fan and USB cable from the box.
- **Initial Charging:** Fully charge the fan before first use using a compatible USB port.
- **Use Included Cable:** For best results, use the provided fast-charging USB cable.
- **Power On:** Press the touch control button once to turn on the fan.
- **Adjust Speed:** Tap the button repeatedly to cycle through speed settings.
- **Turn Off:** Hold the button for 2 seconds to power off the fan.
- **Use While Charging:** You can run the fan while it's plugged in.
- **Portable Carry:** Place it in your purse or backpack for easy transport.
- **Table Use:** Set it upright on a flat surface for hands-free cooling.
- **Battery Indicator:** Monitor usage to recharge before it fully drains.
- **USB Compatibility:** Plug into laptops, car adapters, or power banks.
- **Placement:** Keep it close for personal cooling or direct breeze.
- **Safe Storage:** Store in a clean, dry pouch when not in use.
- **Test Speeds:** Try different settings to find what's most comfortable.

- **Travel Ready:** Make sure it's charged before heading outdoors or traveling.

CARE & MAINTENANCE

- **Clean Blades:** Wipe gently with a soft cloth to remove dust from the blades.
- **Avoid Moisture:** Keep the fan away from water to prevent internal damage.
- **Wipe Body:** Clean the exterior with a dry or slightly damp cloth.
- **Inspect Cable:** Check the USB cable regularly for frays or wear.
- **Avoid Drops:** Handle with care to avoid cracking or internal damage.
- **Charge Monthly:** Recharge at least once a month if not used often.
- **Do Not Overcharge:** Unplug once fully charged to preserve battery life.
- **Cool Down Breaks:** Let the fan rest after extended high-speed use.
- **Store Safely:** Keep it in a dust-free case when not in use.
- **No DIY Repairs:** Contact customer service for any internal issues.
- **Vent Cleaning:** Use a soft brush to clear dust from air vents.
- **Battery Safety:** Use only the original or approved replacement batteries.
- **Keep Away From Kids:** Not suitable for young children without supervision.
- **Use Indoors & Outdoors:** Suitable for both environments, but avoid extreme weather.

Adjustable Speed	👍 5	3	2

TROUBLESHOOTING

Issue	Possible Cause	Solution
Fan not turning on	Battery fully drained	Recharge with the included USB cable
Weak airflow	Fan set to low speed	Increase to a higher power level
Fan turns off unexpectedly	Battery overheating or low power	Let it cool or fully recharge
Charging takes too long	Low-power adapter or cable used	Use a 2A fast charger for optimal speed
No response from touch controls	Surface not detecting input	Clean and press with dry fingers

Issue	Possible Cause	Solution
Only one speed working	Malfunction in speed control	Reset by holding the power button for 5 seconds
Fan making abnormal noise	Debris inside or misaligned blade	Turn off and gently clean fan grille
Power button unresponsive	System frozen or contact issue	Hold power button for 2 seconds to force shutdown
Fan does not charge	Loose USB connection or damaged port	Reinsert cable securely or try another charger
Short runtime	Fan used constantly on highest setting	Lower speed to extend battery performance

PROS & CONS

Pros:

- Ultra-high wind speed up to 8.5 m/s for instant cooling
- Long-lasting battery life (up to 10 hours)
- Compact and lightweight for travel or outdoor use
- Fast charging with 2A cable 80% in 2.5 hours
- Stylish design makes it a great gift item

Cons:

- No oscillation or misting function
- Fan power may be too strong at highest setting indoors
- Cannot stand on its own strictly handheld
- Touch controls may take getting used to
- No digital display for battery or speed info

WARRANTY

The WHATOOK LH2203 Handheld Mini Fan includes a **12-month** limited manufacturer warranty, covering defects in materials and workmanship under normal usage. To initiate a claim, users should retain their original purchase receipt and contact WHATOOK's customer support within the warranty period.

FREQUENTLY ASKED QUESTIONS

What is the maximum wind speed of the WHATOOK LH2203 Handheld Mini Fan?

The WHATOOK LH2203 delivers a powerful breeze with a maximum wind speed of 8.5m/s, which is twice the wind force of standard mini fans.

How long does the battery last on the WHATOOK LH2203 fan?

This fan provides a battery life of 6,10 hours depending on the speed level, ensuring all-day comfort during travel or outdoor use.

How fast is the motor in the WHATOOK LH2203 Handheld Mini Fan?

The brushless motor spins at up to 13,500 RPM, offering ultra-high-speed airflow and efficient cooling.

How long does it take to charge the WHATOOK LH2203 fan?

With the included 2A fast-charging USB cable, the WHATOOK LH2203 charges to 80% in just 2.5 hours.

How many speed levels are available in the WHATOOK LH2203 fan?

The WHATOOK LH2203 Handheld Mini Fan supports 5 power levels, allowing you to adjust wind strength as needed.

How do you turn off the WHATOOK LH2203 Handheld Mini Fan?

Simply press and hold the power button for 2 seconds to shut off the fan, regardless of the speed setting.

Why is my WHATOOK LH2203 fan not turning on?

Make sure it is charged properly. If the fan doesnt turn on, hold the power button for 2 seconds. If still unresponsive, check the USB cable or try another power source.
