# WISENET SPE-420 4-16 Channel Network Video Encoder User Guide

## WHAT'S INCLUDED

As for each sales country, accessories are not the same.

### SPE-420

Network Video Encoder

Power Terminal Block

User Manual or Quick Manual

Tapping Screw

Terminal Block (15 pin)

### SPE-1620

Network Video Encoder

Power Adapter

Power Cord

User Manual or Quick Manual

Bracket Fixing Screw

Bracket Rack

## CONNECTING WITH OTHER DEVICE

## SPE-420

### SPE-420

\* For details, refer to the “Installation and Connection” section of the manual.

## SPE-1620

\* For details, refer to the “Installation and Connection” section of the manual.  
See the table below to connect your encoder to SSM.  
For more details, see “Setting up the system” in the manual

	SSM 2.0 lower	SSM 2.1 higher
Device type	NWC	Encoder

## NETWORK WIRING DIAGRAM

## Connecting to the encoder

1. Launch the Internet browser.
2. Type the IP address of the encoder in the address bar. ex) • IP address (IPv4) : 192.168.1.100 ;  
http://192.168.1.100 – the Login dialog should appear.  
• IP address (IPv6) : 2001:230:abcd:ffff:0000:0000:ffff:1111 ; http://[2001:230:abcd:ffff:0000:0000:ffff:1111] –  
the Login dialog should appear.  
\* For details, refer to the “Web Viewer” section of the manual.

## PASSWORD SETTING

When you access the product for the first time, you must register the login password.

- For a new password with 8 to 9 digits, you must use at least 3 of the following: uppercase/lowercase letters, numbers and special characters. For a password with 10 to 15 digits, you must use at least
- types of those mentioned.
  - Special characters that are allowed. : ~`!@#\$\$%^\*()\_-=+{|}[].?/`
  - ` For higher security, you are not recommended to repeat the same characters or consecutive keyboard inputs for your passwords.
  - ` If you lost your password, you can press the [RESET] button to initialize the product. So, don't lose your password by using a memo pad or memorizing it.

LOGIN Whenever you access the encoder, the login window appears. Enter the User ID and password to access the encoder. a Enter “admin” in the input box. b Enter the password in the input field. c Click [OK].

Hanwha Techwin cares for the environment at all product manufacturing stages, and is taking measures to provide customers with more environmentally friendly products.

The Eco mark represents Hanwha Techwin's devotion to creating environmentally friendly products, and indicates that the product satisfies the EU RoHS Directive

## **Correct Disposal of This Product (Waste Electrical & Electronic Equipment)**

 (Applicable in the European Union and other European countries with separate collection systems)

This marking on the product, accessories or literature indicates that the product and its electronic accessories (e.g. charger, headset, USB cable) should not be disposed of with other household waste at the end of their working life. To prevent possible harm to the environment or human health from uncontrolled waste disposal, please separate these items from other types of waste and recycle them responsibly to promote the sustainable reuse of material resources.

Household users should contact either the retailer where they purchased this product, or their local government office, for details of where and how they can take these items for environmentally safe recycling. Business users should contact their supplier and check the terms and conditions of the purchase contract.

This product and its electronic accessories should not be mixed with other commercial wastes for disposal.

## **Correct disposal of batteries in this product**

(Applicable in the European Union and other European countries with separate battery return systems.)

This marking on the battery, manual or packaging indicates that the batteries in this product should not be disposed of with other household waste at the end of their working life. Where marked, the chemical symbols Hg, Cd or Pb indicate that the battery contains mercury, cadmium or lead above the reference levels in EC Directive 2006/66. If batteries are not properly disposed of, these substances can cause harm to human health or the environment.

To protect natural resources and to promote material reuse, please separate batteries from other types of waste and recycle them through your local, free battery return system.
