Note: TV Stick Is NOT Included

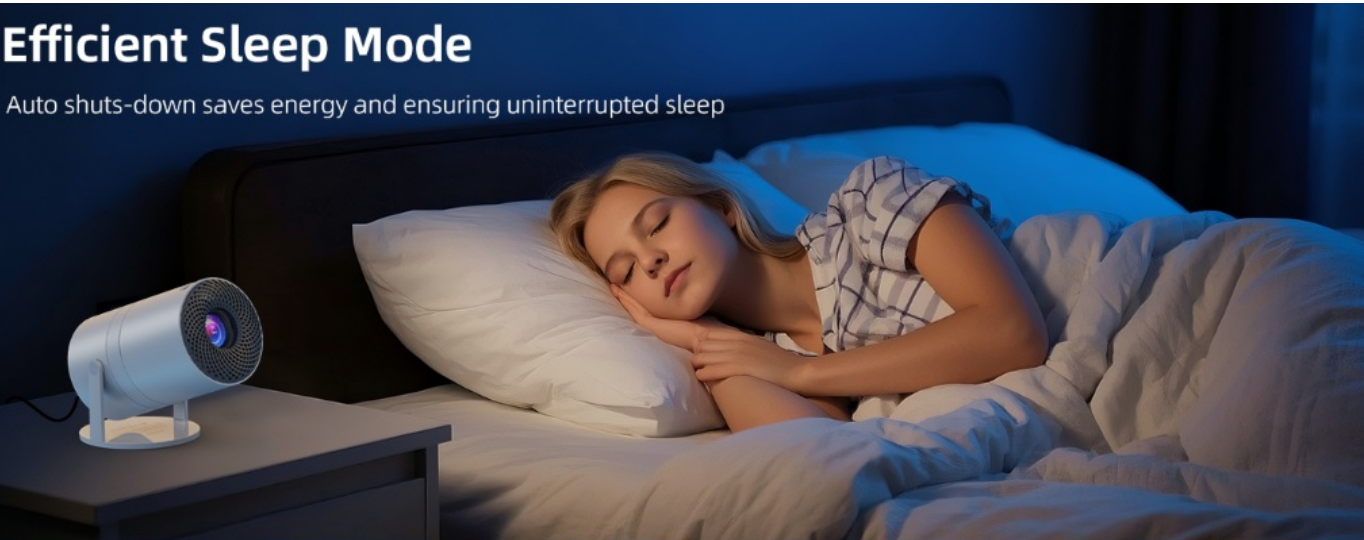

Long Lamp Life,
Reliable Performance

6000 Hours

The image features a projector on the left, projecting a bright blue light. To its right is a grid of various streaming service logos, including YouTube, HBO, rtve, Netflix, hulu, and Roku. Below the grid, the text 'Note: TV Stick Is NOT Included' is displayed. At the bottom, a large, stylized '6000 Hours' is shown, with the projector's lens and light beam integrated into the number '0'. The background is dark with a starry space pattern.

Efficient Sleep Mode

Auto shut-down saves energy and ensuring uninterrupted sleep

Technical Details

Brand Name	WISHOLY
Item Weight	1.65 pounds
Product Dimensions	4.3 x 4.3 x 6.7 inches
Item model number	X3
Color Name	white
Special Features	Built-In Speaker, Portable, Digital Keystone Correction, Built-In Cooling System, Built-In Wi-Fi

Product Usage Instructions

One-Step Screen Mirroring (Quick Connection)

1. On the projector: Go to Main Menu > Mirroring > iOS One-Tap Projection.
2. On your iOS device: Open Control Center, tap Screen Mirroring (ensure WiFi is on for both devices).
3. Select WISHOLY_XXXX from the list and enter password 1234. Screen mirroring will start automatically.

Home WiFi Situation (For Indoor Use)

1. Turn on WiFi on your devices (ensure both phone and projector are on the same network).
2. Open the control center, enable Screen Mirroring, and select WISHOLY_XXXX.
3. Screen mirroring should be successful.

Cellular Data Situation (For Outdoor Use)

1. Turn on cellular data (for online content).
2. Turn on WiFi on your phone and connect to the projector's WiFi (Device ID: WISHOLY_XXXX, Password: 12345678).
3. Open the control center, enable Screen Mirroring, and select WISHOLY_XXXX.
4. Screen mirroring should be successful.

Home WiFi Situation for Android (For Indoor Use)

1. Turn on WiFi on your devices (ensure both phone and projector are on the same network).
2. Enable Multi-screen or Screen Mirroring on your Android device.
3. Wait and select WISHOLY_XXXX.
4. Screen mirroring should be successful.

Cellular Data Situation for Android (For Outdoor Use)

1. Turn on cellular data (for online content).

2. Connect your phone to the projector’s WiFi (Device ID: WISHOLY_XXXX, Password: 12345678).
3. Enable Multi-screen or Screen Mirroring and select WISHOLY_XXXX.
4. Screen mirroring should be successful.

Frequently Asked Questions

How do I troubleshoot if screen mirroring is not working?

If screen mirroring is not working, ensure that both devices are connected to the same network and that the correct password is entered. You can also try restarting both the projector and your device before attempting to mirror the screen again.
