PLEASE READ BEFORE USE.**

**Contents**

## FUNCTIONS

**Wireless Mode:** When you turn on the WSP-SP850 speaker, you will first be in Wireless Mode. To connect, on your mobile device search for "WSP-SP850", and select to connect. In the future, the speaker will automatically connect to the last mobile device it was connected to if it is within range.

1. **Power Switch:** Rotate Switch On/Off your speaker.
2. **Audio Input:** Use the audio cable to play music directly from your laptop, stereo, or another device with 5mm headphone output.
3. **USB Input:** Play music directly from a USB device. (Supports up to 32GB).
4. **Micro SD (TF): Play** music directly from your Micro SD card inserted. Micro SD playback begins automatically

when a Micro SD card is inserted. (Supports up to 32GB). (When inserting Micro SD Card, keeps pin side on top)

5. **DC 5V Input:** Use the charging cable to charge your WSP-SP850 speaker. Connect to a USB adaptor or your laptop.

6. **MODE Change Key:** Long press the "M/ ▶" key 2-3 seconds to change the mode Wireless –FM/Bluetooth. (Short press the "M/ ▶ " button to enter the automatic channel search mode.)

7. **Previous Song:** Short press"—" to play the previous song.

8. Next **Song:** Short press"+" to play the next song.

9. **Vol+/Vol-:**Rotate switch to volume down/volume up.

10. **Play/Pause:** Short press" M/ ▶" to play/stop playing music.

11. **Hands–free device:** Short press the "M/ ▶" button to answer the call/hang up, double-click the "M/ ▶" button to reject the call. Double-click the "M/ ▶" button to redial the latest number.

12. **TWS Function:** Long press the "+" button under Bluetooth mode, and you can hear a "DIDI" sound, which means 2 speakers are connected successfully. (Long press one of the speakers "+" button to hear disconnected, Then the 2 speakers disconnect TWS). They will Auto Link when turning on the speaker next time.

13. **Led Light:** Lamp button, short press to switch the lamp mode, long press to switch off the lamp.

## TROUBLESHOOTING

1. Some terminal music players are without automatic switching play functions. In this case, a 'pop' noise may be heard between songs.

2. If you cannot wireless connection to your mobile device. Try removing the Speaker from your mobile device's saved devices and re-connect as instructed above.

3. The sound performance may also be affected when there is a weak connection between the mobile device and the speaker. To improve connection, bring the mobile device closer to the speaker or remove any obstacles between the two devices.

4. The sound performance may also be affected if the battery power level is low on the WSP-SP850 speaker. Please make sure the speaker is fully charged to improve this issue.

**Note:**

- Charge the speaker fully before first use.
- The charging time depends on the existing charged levels of the battery and the specifications of the USB adaptor.
- The LED indicator turns off automatically (during charging) when the battery is fully charged.
- The speaker's usage time depends on the charge in the battery, mode, volume level, etc.

## PARAMETERS
