WARRANTY LIMITATIONS & DISCLAIMERS

This warranty gives you specific legal rights, and is in addition to your statutory rights. Your remedies for the breach of this limited warranty are limited solely to the repair and replacement of your device as set forth in this warranty statement. To the maximum extent permitted by applicable law, LED Technologies, Inc. disclaims all implied warranties. If applicable law does not permit the disclaimer of implied warranties, then the duration of implied warranties are hereby expressly limited to the duration of the express limited warranty set forth above.

To the maximum extent permitted by applicable law, in no event shall LED Technologies, Inc. be liable for any special, incidental, consequential, punitive, or indirect damages based upon breach of warranty, breach of contract, negligence, strict product liability, tort or other legal theory, even if LED Technologies, Inc. is advised or aware that such damages might arise.

Such damages include, but are not limited to, loss of device, cost of any substitute equipment, the claims of third parties, or damages to property. If the applicable law does not allow limits on warranties, or on remedies for breach in certain transactions, the limits in this paragraph and the disclaimer or exceptions from warranty may not apply. This limitation does not apply to claims for death or personal injury caused by a defect in the device or any other liability that cannot be excluded or limited by law. These warranty terms, conditions, and limitations allocate the risks of product failure between LED Technologies, Inc. and you, the purchaser of dpl® Joint Wrap system. This allocation is recognized by both parties and is reflected in the price of dpl® Joint Wrap system. By using dpl® Joint Wrap you acknowledge that you have read these terms, conditions, and limitations, understand them and are bound by them.
• Do not use the device if power adapter has fallen into water or is damaged in any way. Doing so could cause electric shock or result in injury. Please contact Customer Service at 1(800)337-9565 if power adapter has been damaged in any way.
• Stop using device immediately if you think it is defective. A damaged device could result in injury. Contact Customer Service at 1(800)337-9565.
• Do not bend or abuse the USB power cord. This can cause electrical shock or result in injury.
• Do not hold the device, as it will damage it.
• Use only the supplied power adapter. Use of incorrect power adapter could damage the device. Contact Customer Service at 1(800)337-9565.
• Do not attempt to take the device apart or attempt to use for another purpose or attempt to service the warranty.
• Discontinue use and contact Customer Service if device overheats or becomes uncomfortably hot to your skin.
• Use only with UL/ETL listed extension cord or power strip.
• Do not exceed recommended treatment times or usage.

PRECAUTIONS
• Always unplug power adapter from wall outlet when not in use.
• Do not use this device on infants or young children without physician approval.
• Do not shine the device lights directly into the eyes.
• This product contains neoprene. If you have or suspect you have any allergies or sensitivities, consult your physician prior to use.
• Consult your physician prior to use if you are pregnant, thinking of pregnancy or breastfeeding.
• Do not use the device if you are light sensitive or you are currently using medications which can cause photosensitivity.

WARRANTIES
• Do not operate device where it could come into contact with water. Doing so could cause electric shock or result in injury.
• Do not disassemble or repair the device on your own. Any attempt to do so will void the warranty. Contact Customer Service at 1(800)337-9565.

PRODUCT REPRESENTATION
LED Technologies, Inc. is constantly improving its products with the latest technology. As a result, packaging and instructions may differ from the product shown in images on the packaging and in this user guide.

CONTAININGRATIONS
• Do not use this device if your skin is light sensitive or you are currently using medication that may cause skin sensitivity or irritation. Doing so may result in phototoxic reactions that can be harmful.
• It is uncertain whether this medication causes skin sensitivity to light. Contact your physician prior to using this device.

DISCLAIMER
This product is not intended to diagnose, cure or prevent any disease. LED Technologies, Inc. is not responsible for any representations regarding the safety of this product to cure any physical, skin or mental condition. A qualified health professional should be consulted with regards to any condition requiring medical attention.

USB Power Cord
This is a light emitting diode (LED) device that emits energy in the infrared and red spectrum. The device treatment time is controlled by the operator. There are no user settings or adjustments.

VIII. LIGHT THERAPY:

e. Treatment of pain: The Infrared (IR) light spectrum is not visible to the human eye. These lights will look as if they are not on, but are operating properly. If red lights are on, the device is functioning as designed.

III. MAINTENANCE & CLEANING
1. Power on your device.
2. Wash and dry area prior to use.
3. Fix the strap around the area of treatment.
4. Wash the LED lights with alcohol wipes. Do not use any other substances on the LED lights. If the LED lights are not on, please contact Customer Service at 1(800)337-9565.
