User Manual

Please read this manual carefully before use.

Matters needing attention

1. Children are not allowed to play alone on the machine;
2. Do not drop the machine or rub it against hard objects, otherwise it may cause the loss of machine data or damage to the appearance of the product;
3. To avoid damage to your hearing, please adjust the volume to an appropriate level when using headphones;
4. Do not use chemical agents or cleaning agents to wipe the machine, which will damage the surface of the machine and corrode the appearance of the main body;
5. In order to ensure your driving safety, it is recommended that you do not use MP3 when driving motor vehicles or non-motor vehicles;
6. In order to avoid unnecessary trouble, please back up important files stored in this machine in advance;
7. It is forbidden to use overloaded power supply, so as not to cause heat and cause short circuit to burn out the product;
8. When your hands are wet, it is forbidden to unplug the power supply with wet hands to prevent electric shock;
9. If the actual settings and usage methods are inconsistent with this manual due to program upgrade, please contact your local dealer.

Tips: If the machine is not used for a long time, please charge and discharge the product at an interval of 2 months to ensure the service life of the battery.
