DO/ DON'T

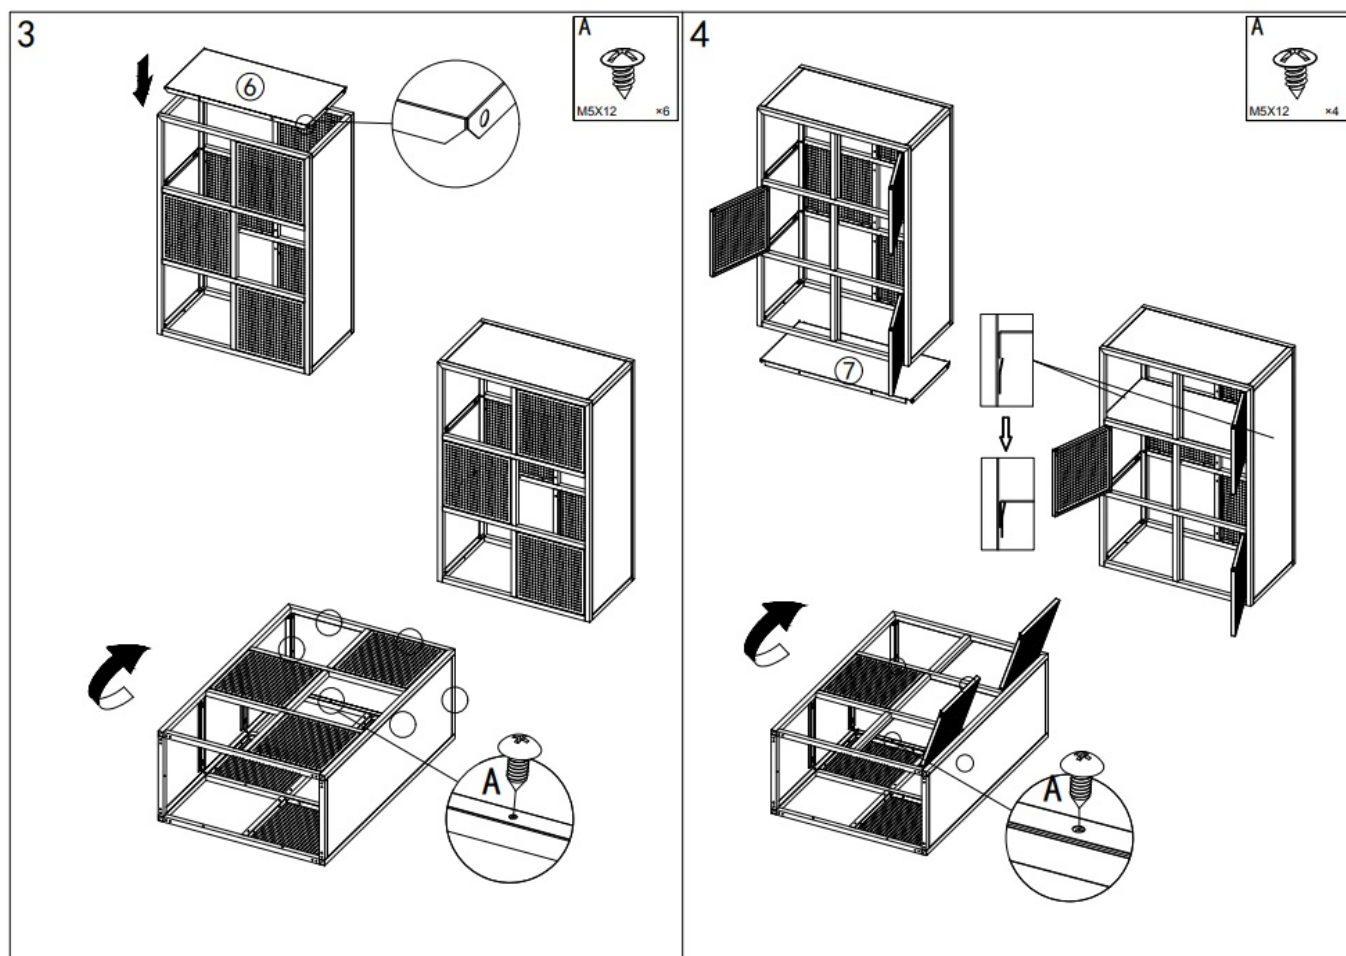

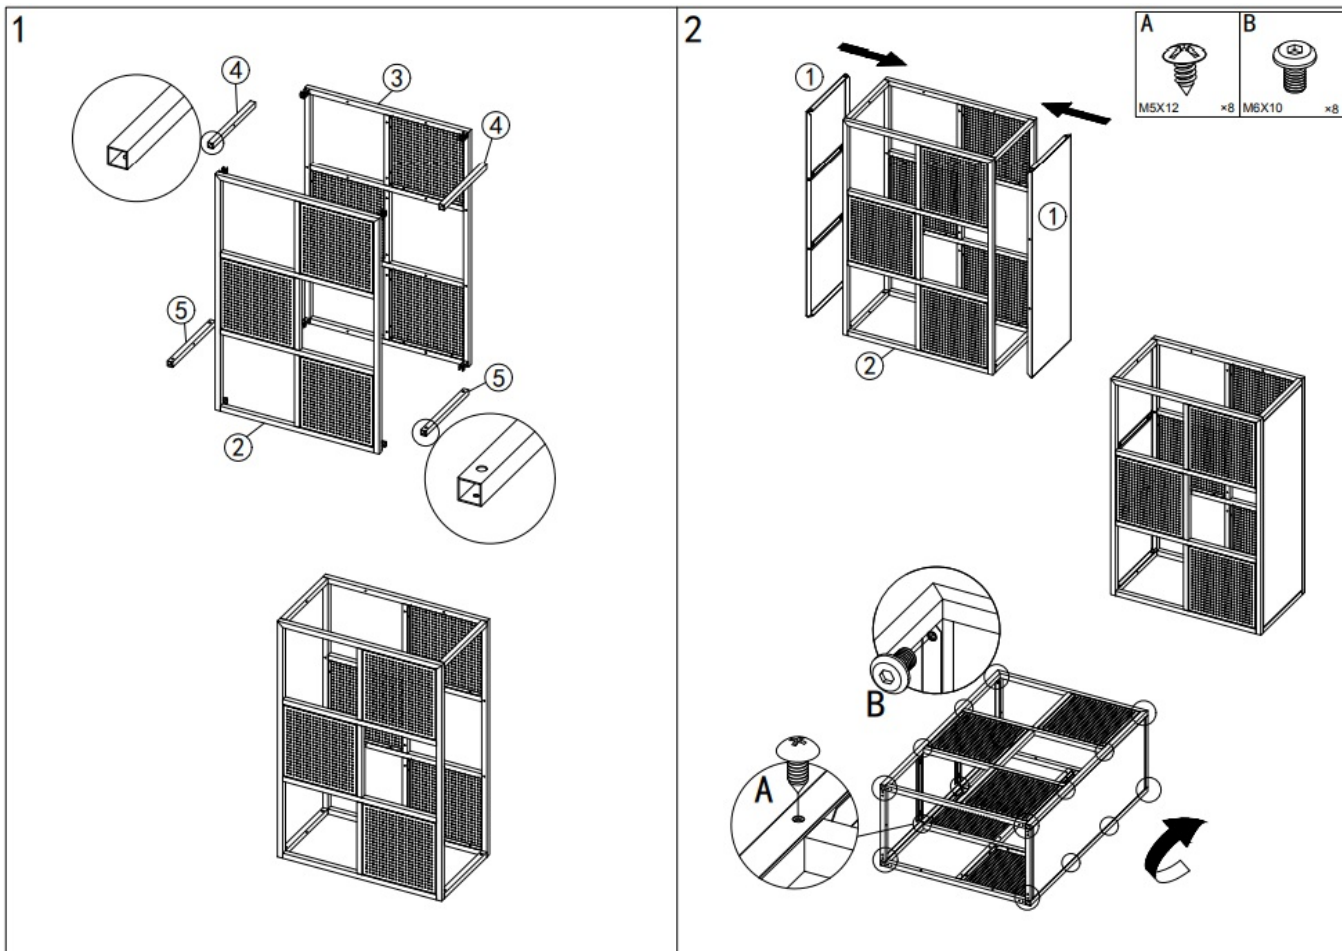

WARNING! Serious or fatal crushing injuries can occur from furniture tip over. To prevent tip over this furniture must be used with the wall attachment device(s) provided. screws) and plug(s) for the wall are not included. Do not climb or allow others to climb on the furniture once assembled. Use screw(s) and plug(s) suitable for your walls. If you are uncertain, seek professional advice. Read and follow each step of the instruction carefully. Please ensure components of the furniture are handled with care. Do not bend any parts. Improper handling may result in an unstable construction.

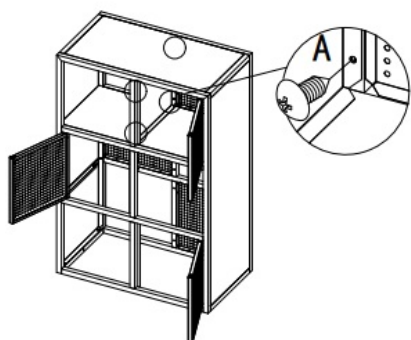

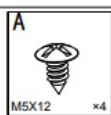

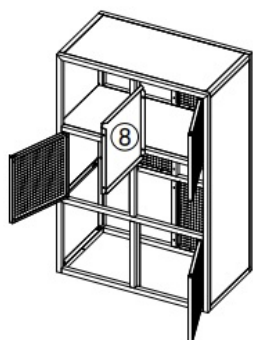

Retain plastic caps for future use or product transportation

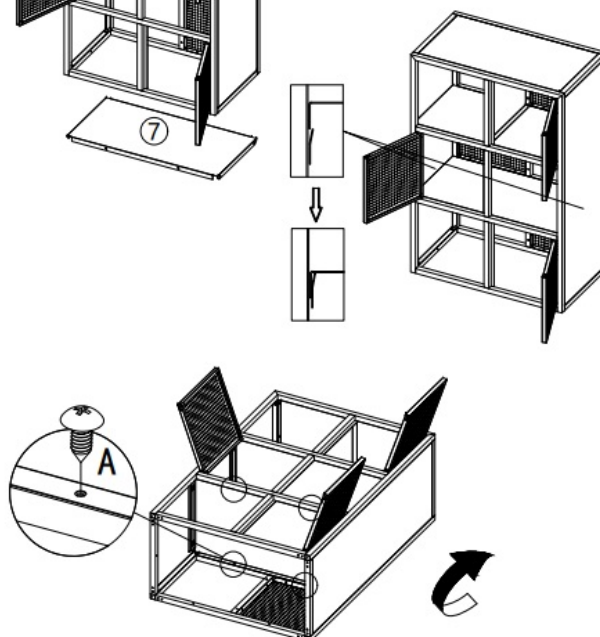

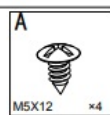

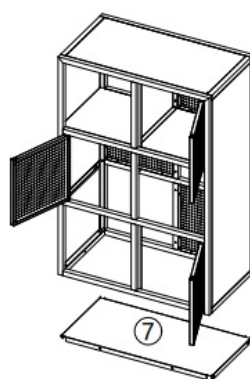

Installation

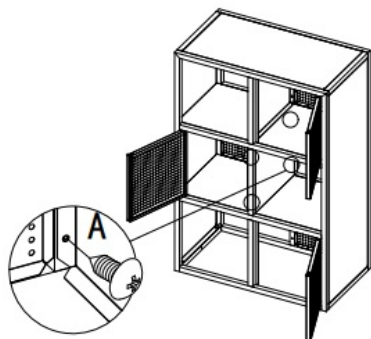

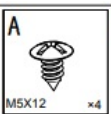

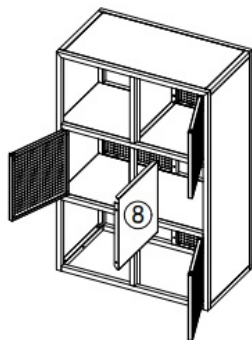

5

7

8

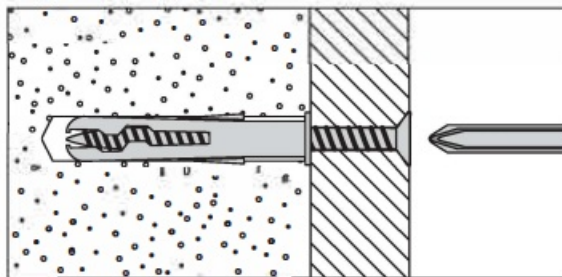

- If plastic wall plugs are supplied

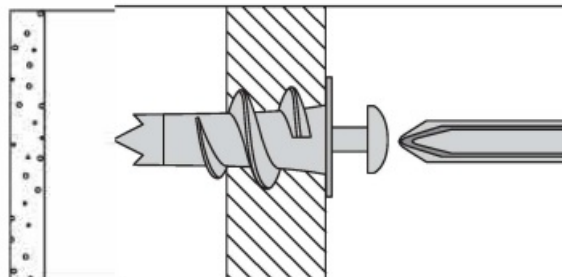

- These are only suitable for use in masonry walls
- If you are in any doubt about
- The correct wall plugs for Your wall, seek professional assistance.
- Make sure that the screws and wall plugs being used are suitable for supporting your unit.
- Consult a professional assistance if you are unsure.

TYPES OF WALL

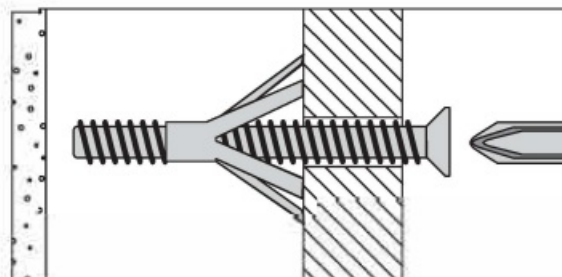

- No.1 “General Purpose” wall plug Generally aerated blocks should not be used to support heavy loads, use a specialist fitting in this case. For light loads, general purpose wall plugs can be used.

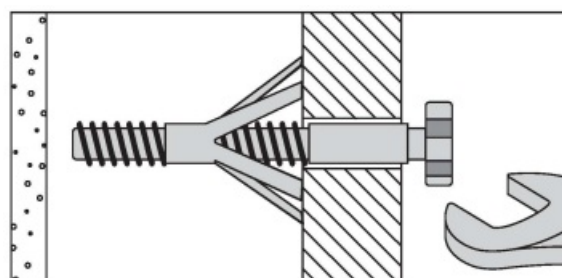

- No.2 “Plasterboard” wall plug For use when attaching light loads on to plasterboard partitions.

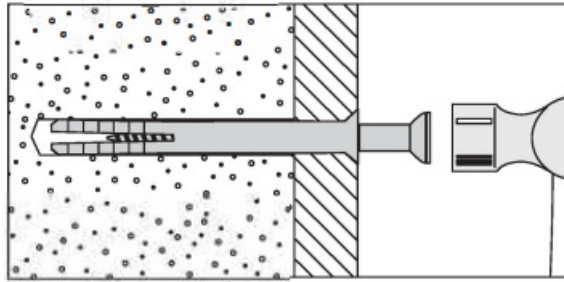

- No.3 “Cavity Fixing” wall plug minimum For use with plasterboard partitions or hollow wooden doors.

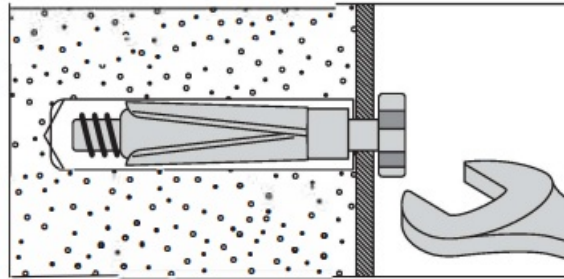

- No.4 “Cavity Fixing-Heavy Duty” wall plug For use when fitting or supporting heavy loads such as shelving, wall cabinets and coat racks.

- No.5 “Hammer Fixing” wall plug For use with walls stuck with plasterboard. The hammer fixing allows it to be fixed to the wall rather than the plasterboard. Always check the fixing is secure to the retaining wall.

- No.6 “Shield Anchor” wall plug Heavy loads For use with heavier loads such as TVV & HiFi speakers and satellite dishes etc.

CARE AND MAINTENANCE

- Please check the location of the furniture to ensure safety before fitting to the wall
- Please check fittings periodically to ensure that they remain securely fastened to the wall.
