## MOUNT THE STAND ON THE COUNTERTOP

Choose your preferred method of attaching the stand to the countertop.

- METHOD #1: USING ADHESIVE STICKER**

Remove the white protective sticker cover under the base as Figure 9 and press the base firmly to the countertop. (Note: The countertop should be wiped with detergent before using the sticker)

- METHOD #2: USING THE SCREWS**

Use 2\*M3 screws to mount the stand on the countertop from the bottom of the countertop through screw hole as Figure 10. (Note: refer to countertop hole as Figure 11, screws lengths reference:4mm countertop thickness)

Unit: mm

## CONNECT WITH XCL\_AT-170

Place xCL\_AT-170 on the XC70 for charging and as Figure 12 and Figure 13.

## FEDERAL COMMUNICATION COMMISSION INTERFERENCE STATEMENT

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. f this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
