**MP3,MP4 Player With Bluetooth and 8GB Memory**

**CAUTION:**

Usage of controls or adjustments or performance of procedures other than those specified herein may result in hazardous radiation exposure.

**PRECAUTIONS BEFORE USE**

**KEEP THESE INSTRUCTIONS IN MIND:**

1. Do not cover or block any ventilation openings. When placing the device on a shelf, leave 5 cm (2") free space around the whole device.
2. Install in accordance with the supplied user manual.
3. Keep the device away from heat sources such as radiators, heaters, stoves, candles and other heat- generating products or naked flame. The device can only be used in moderate climates. Extremely cold or warm environments should be avoided. Working temperature between -5° to 55° C.
4. Avoid using the device near strong magnetic fields.
5. Electrostatic discharge can disturb normal usage of this device. If so, simply reset and restart the device following the instruction manual. During file transmission, please handle with care and operate in a staticfree environment.
6. Warning! Never insert an object into the product through the vents or openings. High voltage flows through the product and inserting an object can cause electric shock and/or short circuit internal parts. For the same reason, do not spill water or liquid on the product.
7. Do not use in wet or moist areas such as bathrooms, steamy kitchens or near swimming pools.
8. The device shall not be exposed to dripping or splashing and make sure that no objects filled with liquids, such as vases, are placed on or near the apparatus.
9. Do not use this device when condensation may occur. When the unit is used in a warm wet room with damp, water droplets or condensation may occur inside the unit and the unit may not function properly; let the unit stand in power OFF for 1 or 2 hours before turning on the power: the unit should be dry before getting any power.

10. Although this device is manufactured with the utmost care and checked several times before leaving the factory, it is still possible that problems may occur, as with all electrical appliances. If you notice smoke, an excessive build-up of heat or any other unexpected phenomena, you should disconnect the plug from the main power socket immediately.
11. This device must operate on a power source as specified on the specification label. If you are not sure of the type of power supply used in your home, consult your dealer or local power company.
12. Keep away from animals. Some animals enjoy biting on power cords.
13. To clean the device, use a soft dry cloth. Do not use solvents or petrol based fluids. To remove severe stains, you may use a damp cloth with dilute detergent.
14. The supplier is not responsible for damage or lost data caused by malfunction, misuse, modification of the device or battery replacement.
15. Do not interrupt the connection when the device is formatting or transferring files. Otherwise, data may be corrupted or lost.
16. If the unit has USB playback function, the USB memory stick should be plugged into the unit directly. Don't use an USB extension cable because it can cause interference resulting in failing of data.
17. The rating label has been marked on the bottom or back panel of the device.
18. This device is not intended for use by people (including children) with physical, sensory or mental disabilities, or a lack of experience and knowledge, unless they're under supervision or have received instructions about the correct use of the device by the person who is responsible for their safety.
19. This product is intended for non professional use only and not for commercial or industrial use.
20. Make sure the unit is adjusted to a stable position. Damage caused by using this product in an unstable position vibrations or shocks or by failure to follow any other warning or precaution contained within this user manual will not be covered by warranty.
21. Never remove the casing of this device.
22. Never place this device on other electrical equipment.
23. Do not allow children access to plastic bags.
24. Only use attachments/accessories specified by the manufacturer.
25. Refer all servicing to qualified service personnel. Servicing is required when the device has been damaged in any way, such as the power supply cord or the plug, when liquid has been spilled or objects have fallen into the device, when the device has been exposed to rain or moisture, does not operate normally, or has been dropped.
26. Long exposure to loud sounds from personal music players may lead to temporary or permanent hearing loss.
27. If the product is delivered with power cable or AC power adaptor:
  - If any trouble occur, disconnect the AC power cord and refer servicing to qualified personnel.
  - Don't step on or pinch the power adaptor. Be very careful, particularly near the plugs and the cable's exit point. Do not place heavy items on the power adaptor, which may damage it. Keep the entire device out of children's reach! When playing with the power cable, they can seriously injure themselves.
  - Unplug this device during lightning storms or when unused for a long period.
  - The socket outlet must be installed near the equipment and must be easily accessible.
  - Do not overload ac outlets or extension cords. Overloading can cause fire or electric shock.
  - Devices with class 1 construction should be connected to a main socket outlet with a protective earthed connection.
  - Devices with class 2 construction do not require a earthed connection.
  - Always hold the plug when pulling it out of the main supply socket. Do not pull the power cord. This can cause

a short circuit.

- Do not use a damaged power cord or plug or a loose outlet. Doing so may result in fire or electric shock.

28. If the product contains or is delivered with a remote control containing coin/cell batteries:

Warning:

- “Do not ingest battery, Chemical Burn Hazard” or equivalent warning.
- [The remote control supplied with] This product contains a coin/button cell battery. If the battery is swallowed, it can cause severe internal burns in just 2 hours and can lead to death.
- Keep new and used batteries away from children.
- If the battery compartment does not close securely, stop using the product and keep it away from children.
- If you think batteries might have been swallowed or placed inside any part of the body, seek immediate medical attention.

29. Caution about the use of Batteries:

- Danger of explosion if battery is incorrectly replaced. Replace only with the same or equivalent type.
- Battery cannot be subjected to high or low extreme temperatures, low air pressure at high altitude during use, storage or transportation.
- Replacement of a battery with an incorrect type that can result in an explosion or the leakage of flammable liquid or gas.
- Disposal of a battery into fire or a hot oven, or mechanically crushing or cutting of a battery, that can result in an explosion.
- Leaving a battery in an extremely high temperature surrounding environment that can result in an explosion or that leakage of flammable liquid or gas.
- A battery subjected to extremely low air pressure that may result in an explosion or the leakage of flammable liquid or gas.
- Attention should be drawn to the environmental aspects of battery disposal.

## INSTALLATION

- Unpack all parts and remove protective material.
- Do not connect the unit to the mains before checking the mains voltage and before all other connections have been made.

### Intended Use

This device is used to play music files in MP3, WMA, WAV, APE and FLAC formats, as well as video files in AVI format with resolution in 240\*320, and photo files in JPG, GIF, BMP format.

This product is not intended for commercial uses or for medical and special applications in which the failure of the product can cause injury, death or substantial property damage.

The liability shall expire in the event of use that does not conform to the intended use.

Opening and altering the device as well as using additional equipment and accessories that have not been approved by us is prohibited.

Do not use the device under extreme environmental conditions and observe the safety instructions. Non-compliance with information and safety instructions contained in this manual shall be deemed as noncompliance with the intended use and will cause the liability to lapse and may cause injury or property damage.

### Downloading the User's Manual

- To help saving the environment, the detailed User's Manual is stored in the folder named "UTILITIES > User Manual" in the built-in memory. To open it you need to download it onto your computer. It also can be

**Note:** To open the user manual, your computer needs to have a pdf reader installed. You can download a pdf reader for free on <http://get.adobe.com/reader/>

 **WARNING:** When participating in the traffic listening to a personal music player can make the listener less aware of potential dangers such as approaching cars.

 **WARNING:** To prevent possible hearing damage, do not listen at high volume levels for long periods.

## Device overview

(1) Menu	Short press to enter the sub-menus

(9) USB Port	USB TYPE-C for recharging & data transferring
(10) Vol +	Short press for VOL up; Long press for fast VOL increasing
(11) Vol -	Short press for VOL down; Long press for fast VOL decreasing

## Package content

Please check the package content for completeness

- Bluetooth MP4 Player
- Stereo headphones
- USB cable
- User manual

## Connecting to a computer

In order to exchange files between your player and a computer, you can simply connect your player to the computer using the provided USB cable.

### a) Connecting the device

In order to connect the player to the computer, insert the USB cable with a free USB port of the activated computer and connect the USB port of the cable with the player. It is now recognized as removable medium and is ready for data transfer with the computer.

Now you can simply transfer the files from your computer to your player or vice versa using “Drag and Drop” or by “Copy and Paste”.

### b) Disconnecting the device

Before removing the USB cable, you must make sure that the data connection between the devices is separated! To do that, press the M button for 1 – 2 seconds. The display now shows the current charging level, and the data connection was separated.

If you are using a Windows PC, the player can also be disconnected via the computer. To do that, click on the “Remove hardware safely” symbol in the Windows taskbar. Now select the MP4 Player and follow your computer's instructions, until it confirms the successful process.

If you are using a Mac, you can simply disconnect the player by dragging the player icon onto the trash symbol. The USB cable can now be separated safely from the player and computer.

**Note:** Do not remove the player from the computer if the transfer of files between the devices is not finished. This can result in data loss and damage the medium.

**WARNING:** Prolonged exposure to excessively loud music can result in temporary or permanent hearing damage or hearing loss. The use of the Video player in traffic is not recommended. It can cause the listener to react disregarding towards potential hazards such as approaching vehicles.

## Operation

### A). General operation

(1) Switching the player on and off

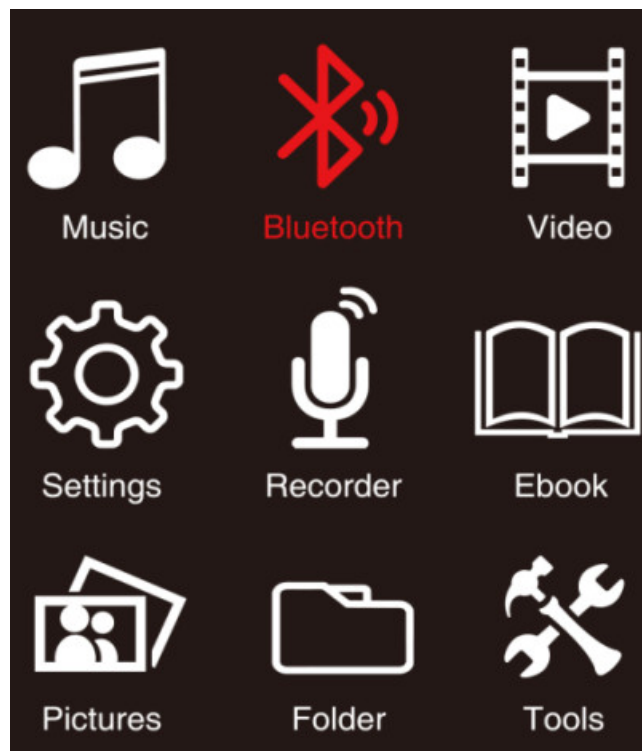

Push the ON / OFF button on the bottom of the device to switch on / off the player.

If the Switch button is already on the position of ON, then press and hold the  button for 2-3s.

### (2) The main menu

After activating the player, the main menu appears. It consists of 9 different menu items:

Music, Bluetooth, Video, Settings, Recorder, EBook, Pictures, Folder and Tools.

### (3) Navigation

With the ►► or ◀◀ and (M) or (↩) button, you can navigate through the different menus. With the button you can open the desired menu item or start the desired function. Press the ↩ Arrow Back button briefly to return to the previous level. Press the ↩ Arrow Back button for 1 – 2 seconds to return to the main menu directly.

#### B). Bluetooth

(1) Navigate in the main menu to the menu item 'Bluetooth' and confirm your selection with the ►► button. The folder overview opens. Select with the or button the sub-menus and confirm your selection with the button.

#### (2) Operations

- To enable Bluetooth, select 'Bluetooth Switch Control' and press the ►► button to enter, select 'Bluetooth Open' to activate, it will start auto scanning the nearby Bluetooth devices available;
- To manually search Bluetooth device, select 'Search Device' and press the ►► button to confirm, the available Bluetooth device will appear on the list, Press the ►► or ◀◀ button to select the device and press the ►► button to start pairing.
- When Bluetooth device connected successfully, return to 'Music' menu and start enjoying.
- To unpair the current Bluetooth device, press the ►► or ◀◀ button to select 'Device list', press the ►► button to enter and select the paired device, press the ►► button again to confirm 'Disconnect' or not.

"This product has a bluetooth transmission function, you can not receive any bluetooth sound on it: this means that you can transmit wirelessly a bluetooth sound signal to an external device like a bluetooth speaker, bluetooth headphone, audio system with bluetooth reception,..."

This product operates at 2400 – 2483.5 MHz and is designated only to be used inside a normal household environment. This product is suited for this purpose within all EU counties.

### Technical data
