XFI ADVANCED GATEWAY (XB8)

The latest generation xFi Advanced Gateway allows you to supercharge your home with supersonic WiFi.

- It's super-fast at handling multi-Gig speeds, capable of powering hundreds of devices at once and has three times the bandwidth for more reliable connections.
- It blocks billions of threats annually with Advanced Security and is made to do anything, so you can do everything.

Start Here

Follow these steps to activate your xFi Gateway

1. Download the Xfinity xFi app on the App Store or on Google Play". If you already have the app, make sure you have updated to the latest version.

2. Open the app and sign in with your Xfinity ID.

3. Follow the quick steps to get online.

Billing for your new Xfinity service will begin within 5 days of the order date.
