INSTALLATION STEPS

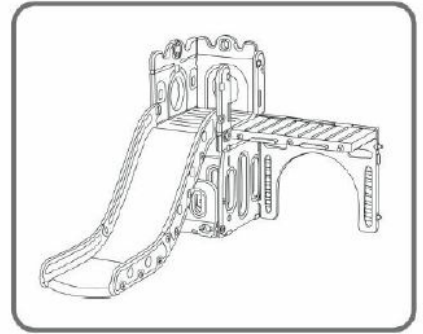

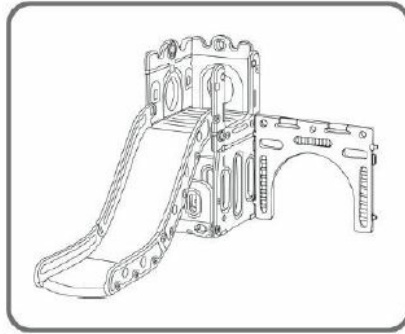

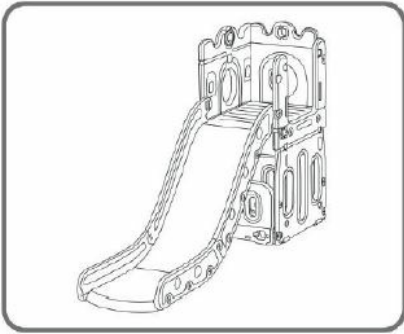

- **Step 1:** Place the slide (top) on the buffer board (bottom), align the holes, and tighten the screw from the back using a screwdriver. Attach the slide handrails to both sides of the slide with small cross nuts and rectangular screws, and tighten with the plastic screwdriver.

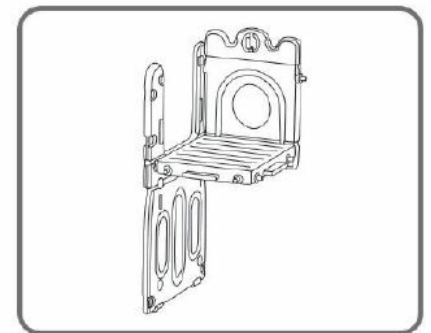

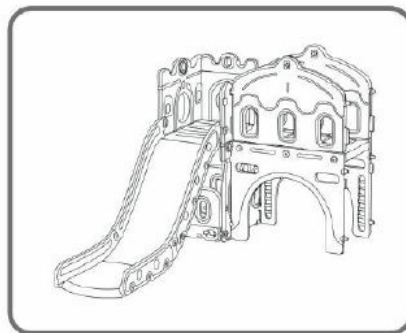

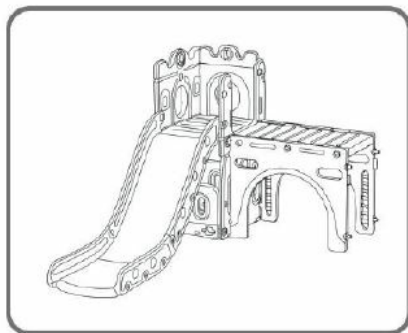

- **Step 2:** Use little prodigy nuts, square screws, and cross-shaped nuts to assemble the assembled slide with

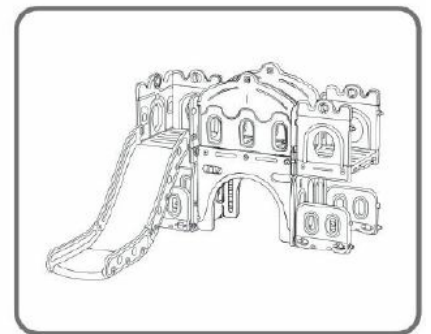

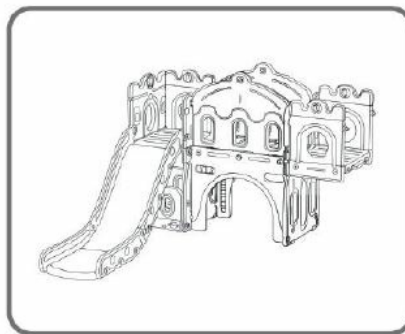

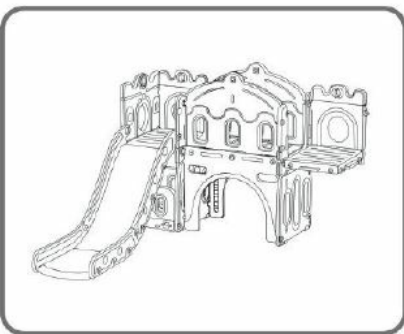

the large side plate, and insert the two small gates into the corresponding holes under the large side plate. Assemble the 2-ear platform with the large round hole baffle, and then assemble it with the large side plate and the slide.

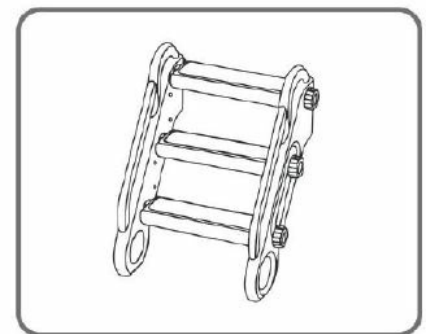

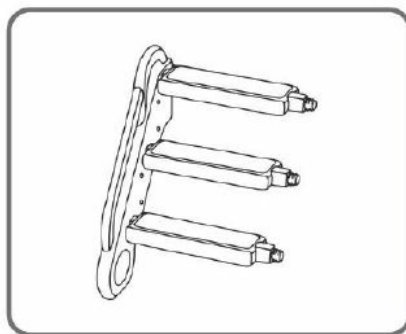

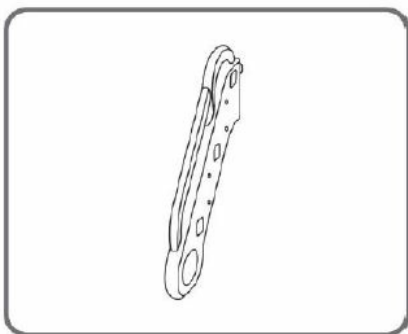

- **Step 3:** Install the U-shaped side plate to the other side of the slide, assemble the aisle U-shaped side plate with the assembled slide, and then assemble the aisle platform with the previously assembled aisle U-shaped side plate.

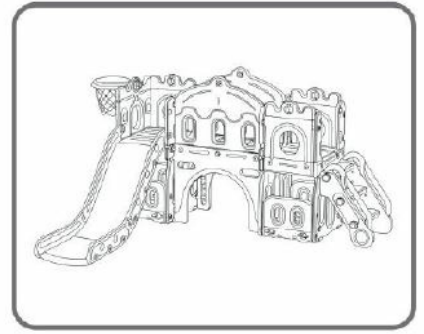

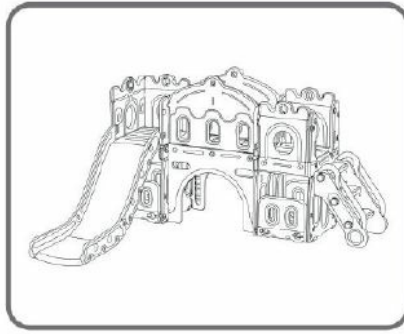

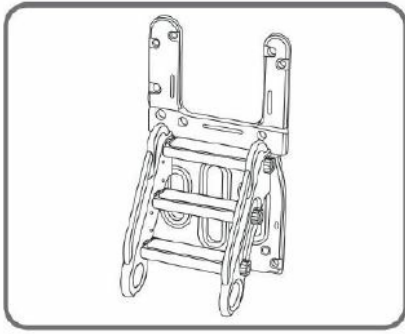

- **Step 4:** Assemble another U-shaped side plate of the aisle on the other side, and install the two aisle side panels on the U-shaped side plate and the aisle platform. Assemble the 3-ear large platform with the large round hole baffle, and then assemble it with the large side plate.

- **Step 5:** Install the assembled platform and the U-shaped side plate on the other side of the aisle, install the large round hole baffle on the opposite side, and then install the two small gates on the U-shaped side plate.

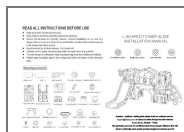

- **Step 6:** Take out the stair handrail and assemble it with the pedal. Next, install another stair handrail on the other side of the pedals and tighten the large nuts.

- **Step 7:** Assemble the assembled stairs and the U-shaped side plate first, then assemble them to the other side of the slide. Finally, assemble the basketball net and basketball hoop, and install them on the large side plate. The installation is completed.
