## ASSEMBLY INSTRUCTIONS

### STEP 1

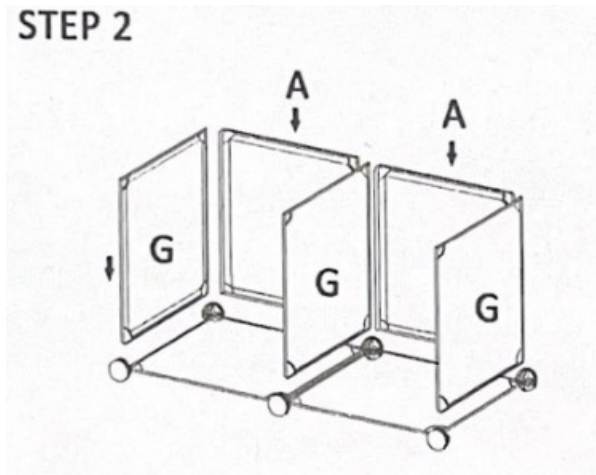

Illustration shows parts labeled 'A' being fitted together with connectors labeled 'B' in a diamond pattern. An inset circle shows a close-up of the connectors being snapped onto the rods.

### STEP 2

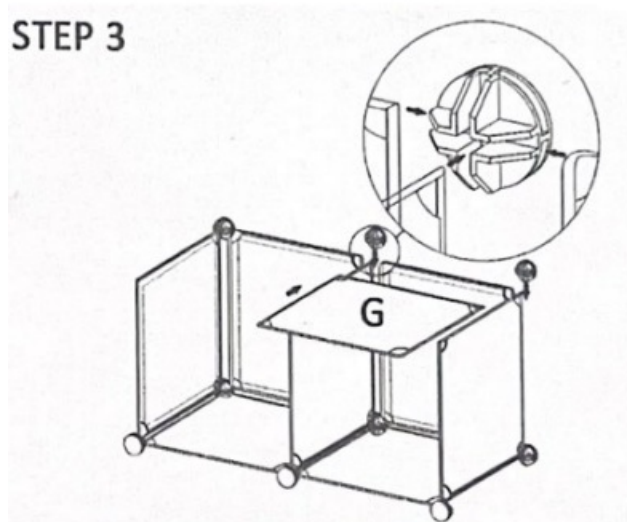

The diagram depicts the assembly of a hexagonal shape using parts labeled 'A' and connectors labeled 'G'.

## STEP 2

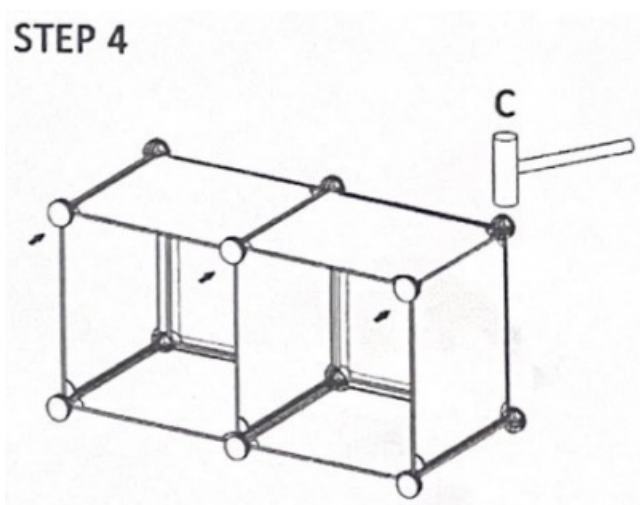

## STEP 3

A graphic illustrates the extension of the structure by adding more 'A' parts and 'G' connectors. An inset circle highlights the correct orientation of the connectors.

## STEP 4

The schematic shows the framework being expanded further by attaching additional 'A' parts with 'G' connectors. An inset circle focuses on the insertion of a connector into a rod.

## STEP 5

Depiction of the assembly at a more advanced stage with the structure taking a larger hexagonal shape, using 'A'

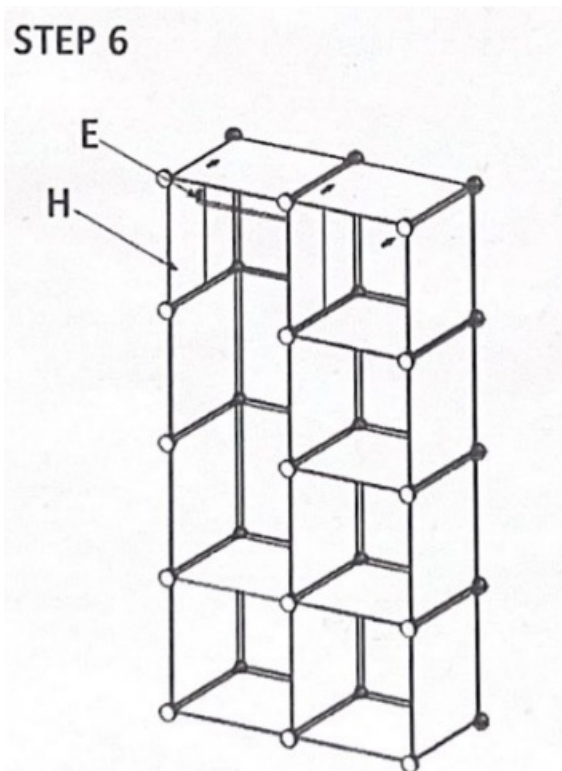

parts and 'G' connectors. An inset circle shows the correct alignment of the parts during assembly.

### STEP 5

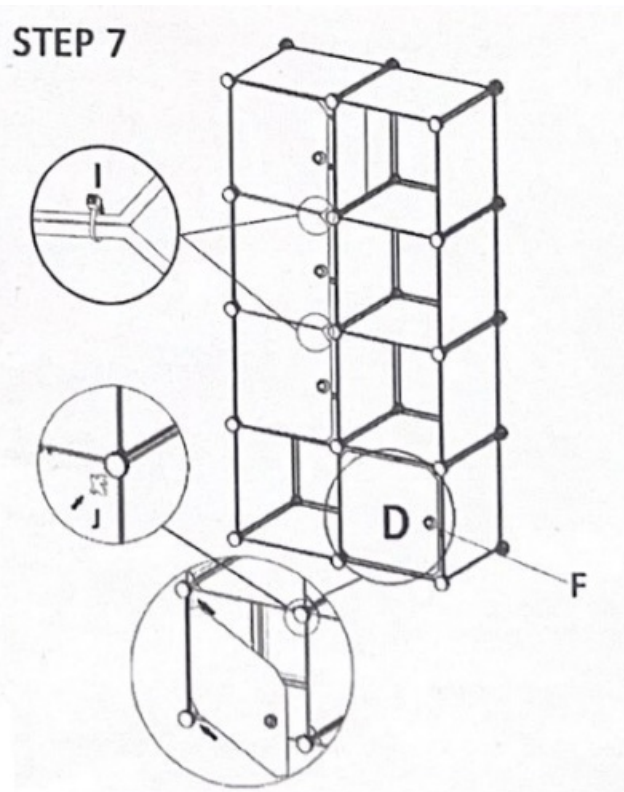

### STEP 6

The illustration demonstrates the continued assembly, expanding to a longer configuration with 'A' parts and 'G' connectors. The letter 'H' indicates the placement of a specific part.

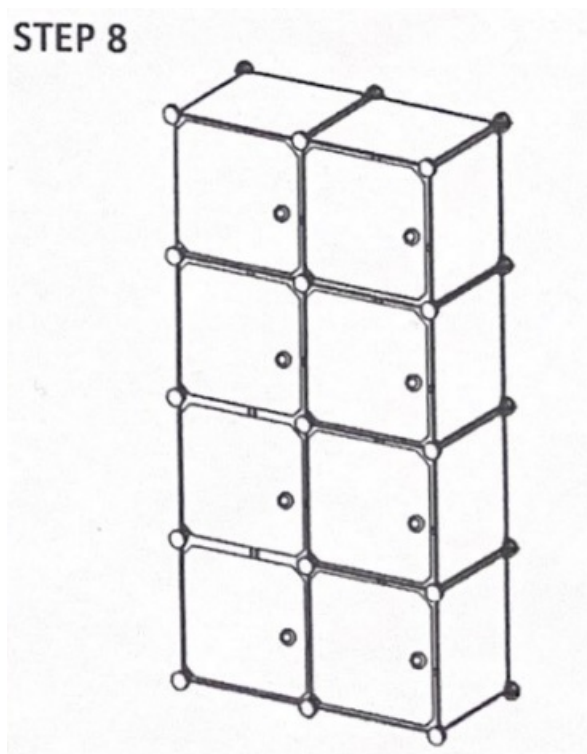

### STEP 7

The diagram indicates the attachment of doors labeled 'F' to the structure using 'D' parts as hinges. An inset circle zooms in to show the hinge mechanism.

### STEP 8

The graphic represents the final step in the assembly, displaying the complete structure with all parts connected.

## FAQ

What tools do I need to assemble the wardrobe?

No tools are required for assembly; the parts snap together.

Can I assemble the wardrobe on my own?

Yes, the wardrobe can be assembled by one person, but having an assistant may make the process easier.

What should I do if I have missing or damaged parts?

Contact the manufacturer or retailer for replacement parts.

Is it possible to customize the shape of the wardrobe?

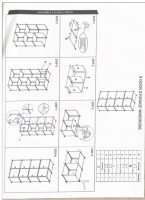

The modular design allows for some customization, but ensure stability by following the suggested design.

How do I attach the doors to the wardrobe?

Use the 'D' parts as hinges to attach the 'F' doors to the structure, as shown in STEP 7.
