xonTel LT-03 Smart WIFI Light Switch

Thanks for Choosing our WiFi Smart Home Sensors

Product Information

WiFi Smart Home Sensors – Light Switch

The WiFi Smart Home Sensors Light Switch is a smart home device that allows you to control the lights in your home through the Tuya Smart App. It is a WiFi-enabled switch that can be controlled remotely through the app and can also be used with voice control devices such as Alexa and Google Home. The switch is designed to work with LED lights and has an LED light indicator to show its status.

Product Configuration

The Light Switch has the following configuration:

- LED Light
- Live Wire(input)
- Button
- Output Neutral Wire (input)

Product Specifications

The following are the specifications of the Light Switch:

- **LED State:**

- Indicator flashes quickly: Device Status Smart Wi-Fi AP mode Triggered
- Indicator flashes slowly: Sleeping mode
- LED will rapidly blink, and OFF after scheduled time
- Indicator OFF
- Indicator lights up for 4s and after 2 seconds lights off, device goes into configuration mode

Product How to Reset?

You can reset the Light Switch by following these steps:

1. Press the reset button for 6 seconds until the indicator flashes rapidly. Then, the device turns to smart WiFi mode.
2. Press the reset button again for 6 seconds until the indicator flashes slowly. The device turns to AP mode.

Product Usage Instructions

Follow the below steps to use the Light Switch:

1. Download the Tuya Smart App from the App Store or Google Play to your mobile phone.
2. Launch the Tuya Smart App and register if you are a new user, or log in if you already have an account.
3. Power on the Light Switch and ensure it is in Smart WiFi mode.
4. Select the “+” symbol on the top right-hand corner of the app to add a new device.
5. Select your product type and follow the instructions provided by the app to connect the Light Switch to your WiFi network.
6. If the connection fails, try using AP Mode. Select AP Mode on the Add Device page and follow the instructions provided by the app.
7. Once connected, you can control your lights using the app or voice control devices such as Alexa and Google Home.

Product Tuya Smart App Features

The Tuya Smart App provides many features for controlling your Light Switch:

- **Working status:** on/off
- **All on or All off:** press the All open or All close Timing switch, can be timed single or multiple switch, and can set repeat cycle (30s delay)
