XTREME XCA2-1013-BLK Wireless Keyboard

Product Information

The XTREME Wireless Keyboard Model: XCA2-1013-BLK is a versatile keyboard that offers 2.4GHz Wi-Fi connectivity. It is compatible with both PC and Mac systems and features USB connectivity for easy setup.

Key Features:

- 2.4GHz Wi-Fi connectivity
- Compatible with PC and Mac
- USB connectivity

Tech Specifications:

- Easy plug and play, no installation required
- Wireless range up to 30ft
- Keyboard requires 2 AAA batteries (Not included)

FCC Radiation Exposure Statement:

The equipment complies with FCC Radiation exposure limits set forth for uncontrolled environment.

Product Usage Instructions

1. Insert the included nano receiver into an available USB port on your computer.
2. Ensure that the keyboard is within the wireless range of 30ft from the receiver for optimal performance.
3. If the keyboard does not function, check the battery compartment located on the back of the keyboard and insert 2 AAA batteries.
4. Power on your computer.
5. The keyboard is now ready to use. Start typing and enjoy the wireless convenience!

XTREME

FCC warning(Wireless Keyboard and Dongle)

Important Notes:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

To assure continued compliance, any changes or modifications not expressly approved by the party. Responsible for compliance could void the user's authority to operate this equipment.

This equipment complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

FCC Radiation Exposure Statement:

The equipment complies with FCC Radiation exposure limits set forth for uncontrolled environment.
