30-4P S Unity Slim Smart Lock

Introducing a keyless, secure, and user-friendly smart lock designed for all types of hinged doors.

The Unity® Slim Smart Lock offers both keypad entry and seamless control through the Yale Home App on your smartphone. Installation is a breeze on slender to wide aluminium doors.

With the Yale Connect Plus Hub 2 (sold separately), you can control your door access from anywhere.

Receive instant notifications about who's coming and going, grant guest access, and check whether your door is open or closed, all from the palm of your hand.

Designed in New Zealand to withstand the harshest weather conditions, the Unity® Slim Smart Lock uses the Induro® 4-Point lift-to-lock system, which enhances security and provides improved door seal performance.
