### Yale® Secure App Connection with Yale® iM1 Network Module Instructions

#### Connecting the Yale Secure App with the Yale iM1 Network Module

1. After following the steps listed on other side of page for enrolling the module, download the Yale Secure app from the App Store® .
2. Ensure Bluetooth® is enabled on your iPhone® , iPad® or iPod touch® , and that you're within 30cm of your Yale lock.
3. Open the Yale Secure app and agree to allow the app to access your Home Data.
4. If you do not have a home already created, create a new home when prompted. Tap + to add a new Yale Lock.
5. The app will search for your Yale Lock. Be sure that you are within close proximity (less than 60cm or so). When "Yale Lock" appears, tap to add. \*If the lock does not appear, enter your Master PIN Code on the lock keypad, tap the gear, tap 7, tap gear, tap 1 and then tap gear.

6. Scan your Accessory Setup Code; shown below, or manually enter within the app.

Accessory Setup Code
