DD10K

Yealink Ruggedized DECT Handset

The Yealink DECT dongle DD10K not only enables T41S/T42S/T54W to work concurrently with the Yealink DECT system as a handset after pairing with Yealink W60B/W70B/W80B/W90B DECT IP base station, but also enables T53/T53W/T54W/T57W/T58A/T58W/VP59 to work as a base station which can be registered with up to 4 compatible Yealink W52H/W56H/W53H/W73H/W78H/W57R/W59R handsets. Supported by a powerful transmission rate of 1152kbps/s, this solution provides you with a quick and reliable DECT connection without wiring or cabling troubles, and gives you the privilege of enjoying wireless communications in minutes. As a complement to the Yealink DECT series, attaching DD10K to your desk phone offers a new solution by combining the desk phone's features with DECT capabilities. Yealink DD10K is easy and safe to deploy, guaranteeing a flexible and optimal user experience.
