**Bluetooth DECT = Greater Range.
Greater Density. Greater Security.**

In the world of modern business, every link & connection counts.

In designing the WH64 Hybrid, Yealink's focus was on enhancing wireless communication by elevating Bluetooth with the superior capabilities of DECT technology. While traditional Bluetooth headsets are prized for their portability and ease of use, integrating DECT into the WH64 brings several key benefits

High Level
Security

High deployment
density

150m connection
distance

TOP Noise Cancellation Capability in the Industry.

WH64 Hybrid is setting new standards with an innovative 3-Mic Noise Cancellation Solution, backed by Acoustic Shield Technology 2.0*. Pioneering exceptional audio performance, every detail is crafted for unparalleled clarity and immersion.
