User Guide Conventions

The following icons are used in this guide to convey specific types of information: Very important information (can save you time!)

Before You Begin

Please note: this is a quick start guide, intended to get you started on the installation of your DimmerFob.

Download the full Installation & User Guide by scanning this QR code:

Installation & User Guide

<https://www.yosmart.com/support/YS3606-UC/docs/instruction>

You can also find all guides and additional resources, such as videos and troubleshooting instructions, on the DimmerFob Product Support page by scanning the QR code below or by visiting:

Your DimmerFob connects to the internet via a YoLink hub (SpeakerHub or the original YoLink Hub), and it does not connect directly to your WiFi or local network. In order for remote access to the device from the app, and for full functionality, a hub is required. This guide assumes the YoLink app has been installed on your smartphone, and a YoLink hub is installed and online (or your location, apartment, condo, etcetera, is already served by a YoLink wireless network).

Install the App

If you are new to YoLink, please install the app on your phone or tablet, if you have not already. Otherwise, please proceed to the next section.

Scan the appropriate QR code below or find the “YoLink app” on the appropriate app store.

Apple phone/tablet iOS 9.0 or higher

<http://apple.co/2Ltturu>

Android phone/ tablet 4.4 or higher

<http://bit.ly/3bk29mv>

Open the app and tap Sign up for an account. You will be required to provide a username and a password. Follow

the instructions, to set up a new account. Allow notifications, when prompted.

You will immediately receive a welcome email from no-reply@yosmart.com with some helpful information.

Please mark the yosmart.com domain as safe, to ensure you receive important messages in the future.

Log in to the app using your new username and password.

The app opens to the Favorite screen. This is where your favorite devices and scenes will be shown. You can organize your devices by room, in the Rooms screen, later.

Refer to the full user guide and online support for instructions on the use of the YoLink app.

Add the DimmerFob to the App

1. Tap Add Device (if shown) or tap the scanner icon:

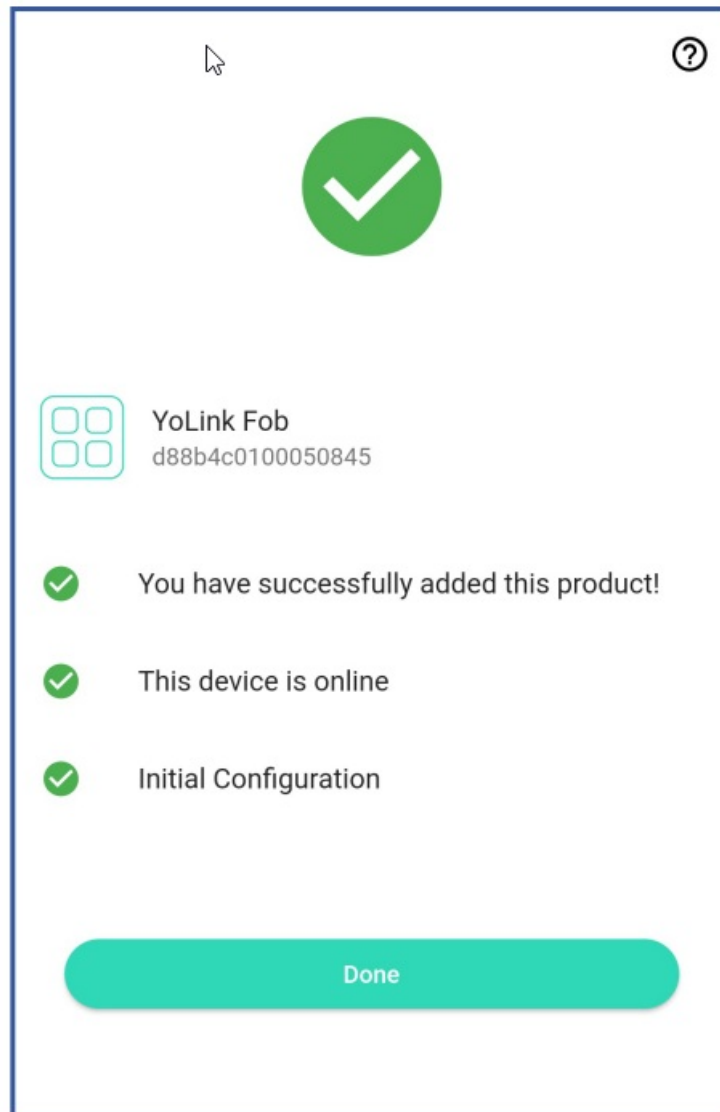

Scanner icon

2. Approve access to your phone's camera, if requested. A viewfinder will be shown on the app.

3. Hold the phone over the QR code so that the code appears in the viewfinder. If successful, the Add Device screen will be displayed.
4. You can change the device name and assign it to a room later. Tap Bind device.
5. If successful, the screen will appear as shown. Tap Done.
