**ZAGG QTG-ZMIHSTK Foldable Keyboard**

## Keyboard

### Turning the Keyboard On/Off

Unfolding the Bluetooth keyboard will turn it on. Folding it will turn the keyboard off.

### Charging the Keyboard

Plug the keyboard into a power source to charge. The keyboard has a USB-C port.

### Pairing the Keyboard

- The keyboard can be paired with two devices.
- Press Fn + 1 or 2 keys together for three seconds to put the keyboard into pairing mode.
- On your device, go to Settings/Bluetooth and select “ZAGG keyboard” from the list of available pairing options.

## Mouse

- **Turning the Mouse On/Off**

Bend the mouse to turn it on. Straighten it to turn the mouse off.

- **Charging the Mouse**

Plug the mouse into a power source to charge. Mouse has a USB-C port.

## Pairing the Mouse

- Simply bend the mouse to activate the mouse and put it in pairing mode if the mouse has never been paired before.
- If the Mouse doesn't go into pairing mode when it is on, hold down the right and scroll button for 3 seconds to put it in pairing mode.

On your device, go to Settings/Bluetooth and select "ZAGG Mouse" from the list of available pairing options.

## International Travel Adapter

The international travel adapter has plug configurations for outlets in the UK, Europe, the USA, and Australia. It also has a port that can accept plugs from all four regions.

## Europe

- Press the button under Europe to release the prongs.
- Straighten them before inserting them into the wall port.
- Manually push them back inside when you're finished.

## UK

- Push and slide the button underneath the UK to release the prongs.

- Manually, pull down the third black prong.
- To retract, push and slide the button back under Europe.
- Manually push the third black prong into place.

### **USA/Australia**

Push and slide the button underneath USA/AUST to release the prongs.

- For US usage, manually twist the prongs so they are parallel to one another.
- For Australian usage, manually twist the prongs so they are at an angle to one another.

To retract, push and slide the button back under Europe.

### **USB-A Ports**

The international travel adapter has two USB-A ports.

### **Troubleshooting**

If your device doesn't respond to the keyboard or mouse, there may be a simple explanation. Try the following steps.

1. Restart your device.
2. Turn your keyboard/mouse off and back on.
3. Forget and re-pair your device.
4. If your keyboard/mouse does not establish or maintain a Bluetooth connection, reset the Bluetooth module by charging your keyboard/mouse.
5. If, after charging, your keyboard/mouse doesn't operate correctly, please contact ZAGG Customer Service.

If you still experience problems, please contact ZAGG Customer Service.

### **FCC Statement**

This equipment has been tested and found to comply with the limits for a Class B digital device, under part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used by the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**Caution:**

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**Radiation Exposure Statement**

This device complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter. During the operation of the device, a distance of 15 cm surrounding the device and 20 cm above the top surface of the device must be respected.

**For the Mouse and keyboard**

The device has been evaluated to meet general RF exposure requirements. The device can be used in portable exposure conditions without restriction.

**For WPT**

This device complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter. During the operation of the device, a distance of 15 cm surrounding the device and 20 cm above the top surface of the device must be respected.

**WARNING**

Keyboard use may be associated with physical injuries. If you experience any discomfort or pain, stop using your keyboard and consult a physician.
