offers a 'flight mode' or similar feature, consult airline staff as to its use in flight.

Safety in Hospitals

- Wireless devices transmit radio frequency energy and may affect medical electrical equipment.
- Wireless devices should be switched off wherever you are requested to do so in hospitals, clinics or healthcare facilities.
- These requests are designed to prevent possible interference with sensitive medical equipment.

Pacemakers

- Pacemaker manufacturers recommended that a minimum of 15 cm (6 inches) be maintained between a handheld wireless device and a pacemaker to avoid potential interference with the pacemaker.
- These recommendations are consistent with independent research and recommendations by Wireless Technology Research.

Persons with Pacemakers:

- Should ALWAYS keep the device more than 15 cm (6 inches) from their pacemaker when turned ON.
- Should not carry the device in a breast pocket.
- Should use the ear furthest from the pacemaker to minimise the potential for interference.
- If you have any reason to suspect that interference is taking place, turn OFF your device.

Other Medical Devices

- Please consult your physician or the manufacturer of the medical device, to determine if the operation of your wireless product may interfere with the medical device.

Contact a qualified Taiwanese recycler for proper battery disposal.

Battery Information

CAUTION Risk of explosion if battery is replaced by an incorrect type. Dispose of batteries according to instructions.

Use only Zebra-approved batteries. Accessories which have battery charging capability are approved for use with the following battery models:

- Part Number BT-000337 (3.7 VDC, 5,200 mAh).
- Part Number BT-000338 (3.7 VDC, 2,740 mAh).
- Part Number BT-000375 (3.7 VDC, 7,000 mAh).

Zebra-approved rechargeable battery packs are designed and constructed to the highest standards within the industry. However, there are limitations as to how long a battery can operate or be stored before needing replacement. Many factors affect the actual life cycle of a battery pack such as heat, cold, harsh environmental conditions, and severe drops. When batteries are stored over six months, some irreversible deterioration in overall battery quality may occur. Store batteries at half of the full charge in a dry, cool place, removed from the equipment to prevent loss of capacity, rusting of metallic parts, and electrolyte leakage. When storing batteries for one year or longer, the charge level should be verified at least once a year and charged to half of the full charge. Replace the battery when a significant loss of run time is detected. The standard warranty period for all Zebra batteries is one year, regardless if the battery was purchased separately or included as part of the mobile computer or bar code scanner. For more information on Zebra batteries, please visit www.zebra.com/batterybasics.

Battery Safety Guidelines

- The area in which the units are charged should be clear of debris and combustible materials or chemicals. Particular care should be taken when the device is charged in a non-commercial environment.

- Improper battery use may result in a fire, explosion, or other hazard.
- To charge the mobile device battery, the battery and charger temperatures must be between +32°F and +104°F (0°C and +40°C).
- Do not use incompatible batteries and chargers. Use of an incompatible battery or charger may present a risk of fire, explosion, leakage, or other hazard. If you have any questions about the compatibility of a battery or a charger, contact Zebra support.
- For devices that utilize a USB port as a charging source, the device shall only be connected to products that bear the USB-IF logo or have completed the USB-IF compliance program.
- Do not disassemble or open, crush, bend or deform, puncture, or shred.
- Severe impact from dropping any battery operated device on a hard surface could cause the battery to overheat.
- Do not short-circuit a battery or allow metallic or conductive objects to contact the battery terminals.
- Do not modify or remanufacture, attempt to insert foreign objects into the battery, immerse or expose to water or other liquids, or expose to fire, explosion, or other hazard.

BY USING THE SOFTWARE, YOU ACKNOWLEDGE ACCEPTANCE OF THE TERMS OF THIS EULA. IF YOU DO NOT ACCEPT THESE TERMS, DO NOT USE THE SOFTWARE.

GRANT OF LICENSE. Zebra grants you, EndUser Customer, the following rights provided that you comply with all terms and conditions of this EULA: For Software associated with Zebra hardware, Zebra hereby grants you a limited, personal, non-exclusive license during the term of this Agreement to use the Software solely and exclusively for your internal use in support of the operation of your associated Zebra hardware and for no other purpose. To the extent that any portion of the Software is provided to you in a manner that is designed to be installed by you, you may install one copy of the installable Software on one hard disk or other device storage for one printer, computer, workstation, terminal, controller, access point or other digital electronic device, as applicable (an “Electronic Device”), and you may access and use that Software as installed on that Electronic Device so long as only one copy of such Software is in operation. For a standalone Software application, you may install, use, access, display and run only the number of copies of the Software to which you are entitled. You may make one copy of the Software in machine readable form for backup purposes only, provided that the backup copy must include all copyright or other proprietary notices contained on the original. In the absence of a support contract, you are entitled, for ninety (90) days from when the instance of Software (or hardware including the Software) is first shipped by Zebra or downloaded by End-User Customer, to obtain, if available, updates, from Zebra and operational technical support, not including implementation, integration or deployment support (“Entitlement Period”). You may not obtain updates from Zebra after the Entitlement Period, unless covered by a Zebra support contract or other written agreement with Zebra. In such event, the transfer must include all of the Software (including all parts, the media and printed materials, any upgrades, and this EULA) and you may not retain any copies of the Software. The transfer may not be an indirect transfer, such as a consignment. Before the transfer, the end user receiving the Software must agree to all the EULA terms. If the Licensee is purchasing Zebra Products and licensing Software for end use by a U.S. Government end user, the Licensee may transfer such Software license, but only if:
 - The licensee transfers all copies of such Software to the U.S. Government end-user or an interim transferee, and

- Licensee has first obtained from the transferee (if applicable) and ultimate end user an enforceable end-user license agreement containing restrictions substantially identical to the ones contained in this Agreement.
