## MC33XX Accessories Handheld Mobile Computer

**User Information**

Refer to the MC33XX Mobile Computer User Guide for information on using the accessories. Go to:
**www.zebra.com/support.**

**Regulatory Information**

This device is approved under Zebra Technologies Corporation.

This guide applies to the following Model Numbers: CRD-MC33-2SUCHG, CBL-MC33-USBCHG, SHARECRADLE-01, SHARECRADLE-MC and SHARECRADLE-ME.

All Zebra devices are designed to be compliant with the rules and regulations in the locations they are sold and will be labeled as required.

Local language translations are available at the following website: **www.zebra.com/support**.

Any changes or modifications to Zebra equipment not expressly approved by Zebra could void the user's authority to operate the equipment.

Declared maximum operating temperature: 40°C.

⚠️ **CAUTION**

Only use Zebra approved and UL Listed accessories, battery packs and battery chargers.

Do NOT attempt to charge damp/wet mobile computers or batteries. All components must be dry before connecting to an external power source.

**Power Supply**

Cradle model: SHARECRADLE-01, CRD-MC332SUCHG Use ONLY a Zebra approved Nationally Recognized Test Laboratory (NRTL) Certified ITE (SELV) power supply with electrical ratings: Output 12 VDC, min 4.16 A, with a maximum ambient temperature of at least 40° C. Use of alternative power supply will invalidate any approvals given to this unit and may be dangerous.

Cradle model: SHARECRADLE-MC, SHARECRADLEME

Use ONLY a Zebra approved Nationally Recognized Test Laboratory (NRTL) Certified ITE (SELV) power supply with electrical ratings: Output 12 VDC, min 9 A, with a maximum ambient temperature of at least 40° C.

Use of alternative power supply will invalidate any approvals given to this unit and may be dangerous.

## Radio Frequency Interference Requirements-FCC

FC Tested to comply with FCC Standards
FOR HOME OR OFFICE USE

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a
residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However there is no guarantee that
interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for help.
