**ZEBRA TC22 Trigger Handle**

## Product Information

### Specifications

- Model: TC22/TC27
- Product Type: Trigger Handle
- Manufacturer: Zebra Technologies
- Features: Rugged Boot, Lanyard Mount, Release Latch

## Product Usage Instructions

### Trigger Handle Installation Guide

1. Remove any hand strap if installed before proceeding.
2. Attach the trigger handle to the device following the provided instructions.

### Rugged Boot Installation

1. Remove any existing rugged boot if present.
2. Install the new rugged boot securely onto the device.

### Device Installation

1. For device installation, ensure to follow the specific device model instructions provided.

### Charging:

1. Before charging, remove any shim in the cable cup to ensure proper connection.
2. Connect the charging cable to the device as per the device manual.

### **Optional Lanyard Installation:**

1. If desired, follow the optional lanyard installation steps provided.

### **Removal**

1. To remove the trigger handle or any other accessories, carefully follow the removal steps outlined in the manual.

### **FAQ (Frequently Asked Questions)**

- **Q: How do I attach the lanyard to the trigger handle?**

A: To attach the lanyard, follow the optional lanyard installation steps provided in the installation guide.

- **Q: Do I need to remove any components before charging the device?**

A: Yes, it is recommended to remove any shim in the cable cup before connecting the charging cable to ensure proper charging.

- **Q: Can I install the rugged boot without removing the trigger handle?**

A: It is advisable to remove any existing accessories like the trigger handle before installing the rugged boot for a secure fit.
