FAQs

Q: Is it necessary to reinstall the software if a new Zebra device is added to the compatibility list?
A: If the new device is already covered by the existing software package approval, there is no need to reinstall it. The approval typically does not require any software changes for new devices.

Q: Can the Zebra Android USB Driver be used with devices running on operating systems other than Android?

A: No, the Zebra Android USB Driver is specifically designed for Zebra devices running on Android operating systems 2.3, 4.1, and 4.4.
