Highlights

This Android 14 GMS release 14-15-22.00-UG-U00-STD-NEM-04 covers MC3400, MC3450, MC9400, MC9450, PS30, TC53e, TC58e, WT5400 and WT6400 family of products.

Please see device compatibility under the Addendum section for more details.

Software Packages

Package Name	Description
NE_FULL_UPDATE_14-15-22.00-UG-U00-STD-NEM-04.zip	Full package update
NE_U_EnterpriseReset.zip	Enterprise Reset Package
NE_U_FactoryReset.zip	Factory Reset Package

Security Updates

This build is compliant up to Android Security Bulletin of March 05, 2025.

Version Information

Below table contains important information on versions

Description	Version
Product Build Number	14-15-22.00-UG-U00-STD-NEM-04
Android Version	14
Security Patch level	March 05, 2025
Component Versions	Please see Component Versions under Addendum section

Device Support

This release supports the MC3400, MC3450, MC9400, MC9450, PS30, TC53e, TC58e, WT5400 and WT6400.

Please see device compatibility details under Addendum Section.

New Features

1. Restriction for skip setup wizard

- Due to new mandatory privacy requirements from Google, the Setup Wizard Bypass feature has been discontinued on devices running Android 13 and later. Consequently, it is now restricted to skip the Setup Wizard screen, and the Stage Now barcode will not function during the Setup Wizard, displaying a toast message stating, "Not supported."
- If the Setup Wizard has already been completed and its data was configured to persist on the device in the past, there is no need to repeat this process following an Enterprise Reset.
- For more details, please refer to the Zebra FAQ documentation:
<https://techdocs.zebra.com/zebradna/latest/faq/#setupwizardsuw>

2. This is the first SW release for MC3450 product.

Resolved Issues

- This is the first Android 14 GMS release for MC3400, MC3450, MC9400, MC9450, PS30, TC53e, TC58e, WT5400 and WT6400 family of products.

Usage Notes

- None.

Known Constraints

- Delta OTA packages are not supported in Recovery mode. To apply Delta OTA packages, use Stage Now/MDM solution.
- Zebra DHCP options is not supported on dongle which is based on r8152 driver.
- NFC Host card emulation (HCE) feature is not supported in this SW release of TC58e and PS30. The feature will be enabled in future Android 14 releases.
- 4K video resolution is not supported on this SW release, using the native video player.
- Stay Linked Smart TE client can only be upgraded via the client distributed directly from Stay Linked Corporation. Play Store version cannot be installed over it.
- ATT, Verizon (NA) approvals are still under progress.
- Vodafone UK certification approval is pending on this software.

Important Links

- Installation and setup instructions (If the link does not work, please copy it to browser and try)
