Instructions for use:

BT mode connectivity:

- Switch ON the Keyboard.

- To enter BT discover mode, press and hold Fl /F2 /F3 button, corresponding to BT1 / BT2 / BT3 modes. You can notice the LED blinks rapidly to indicate the BT discover mode.

- Now open the BT menu in your smart phone / Laptop / smartphone and scan for the name ZEB-KS000MWand

pair to it.

- Once connected, the LED blinking will stop.

3 BT connection and switching between the connections:

- The keyboard supports up to 3 BT connections, which can be switched as per usage. For instance, you can connect your smart phone, Laptop and other BT supported device on BT1 / BT2 / BT3 respectively.
- Once connected to the devices, you can press the Fl / F2 / F3 button (short press) to switch among the 3 BT connections.
- This helps you to keep the keyboard connected to all 3 devices in the same time and allows you to switch between them as per requirement.

All key operation:

| Key	Single Key Function
�1 F1	Short press this button to switch to BT 1, long press this key for more than three seconds, BT 1 enters the pairing mode
