1. Ready

1. Download 'ZY Play

⚠ Before using CRANE 2S, please scan the code to download ZY Play and activate the product. Specific steps seen on Page 1o. (Android 5.0 above or iOS 9.0 above required) .

<https://api.zhiyun-tech.com/v1/r/QoOQGD>

2. About Complete User Guide To protect the environment reduce resource complete we now offer you a paper version of Quick Start Guide instead of user Guide. Before using this product, you can read the Complete User Guide through following ways.

<https://api.zhiyun-tech.com/v1/r/LdEMfO>

1. Scan the QR code on the top side by applying the mobile browser “scan code” function.
2. Click the “...” “Icon on the top right corner of the home page of the corresponding product in Zr Play.
3. Go to ZHIYUN official ‘Website: www.zhiyun-tech.com for download.

2. Charging

Charge the batteries with the charger please be aware of the positive/negative end.

3. Installation

1. Insert the batteries in the right direction (positive/negative end).

2. Install the tripod.

3. Install the quick release base plate.

4. Mount the camera on the quick release plate.

5. Install the quick release plate with camera onto the gimbal.

4. Balance and Adjustment

- ① Each axis of CRANE 2S is equipped with a latch. You can use these latches to lock the axes for convenient installation and storage. Before turning on the gimbal, please do unlock all three latches.

- ② Push camera towards the tilt axis motor to achieve best stability.

1. Unlock the tilt axis and Quick Release Plate Latch, push the camera to move forward or backward until the camera can stay still and almost level with its lens facing front (as shown below). Complete this step by tightening up Quick Release Plate Latch.

2. Make the lens face up, slightly loosen the thumb screw of the tilt axis, and push the camera to move upward or downward until the camera can stay still with the lens facing up. Complete this step by tightening up the thumb screw.

3. Unlock the roll axis, and slightly loosen the roll axis thumb screw under the quick release plate, push the camera to move left or right until the camera can stay still and horizontal to the ground.

4. Unlock the pan axis, slightly loosen the thumb screw on it, then adjust the pan axis until it stays still and horizontal to the ground. Complete this step by tightening up thumb screw.

5. How to Use

1. Press power button for three seconds to turn on or off CRANE 2S.
2. Long press M button to enter or exit standby mode.

3. Basic Operation

 You can mount the camera onto the tilt axis to switch to vertical shooting. For the balance and adjustment please refer to above steps.

Mount the camera horizontally

Mount the camera vertically

6. Connecting ZY Play

Connect with ZY Play APP and activate CRANE 2S

1. Power on CRANE 2S and turn on Bluetooth.
2. Open LY Play APP, and select the product page of CRANE 2S. Tap 'connect now' and connect the Bluetooth of CRANE 2S (the Bluetooth name of CRANE 2S can be found on the label USER ID: XXXX on tilt axis)
3. For the first time use, you have to activate CRANE 2S via LY Play APP otherwise the motors will not work.
Activation requires account registration or login in ZY Play APP.
4. After activation, long press M button then the motors will start working normally.
