USER MANUAL

Safety & Assembly Instructions

- May require 2 people for pole height adjustment.
- Bike stand should be placed on a stable surface.

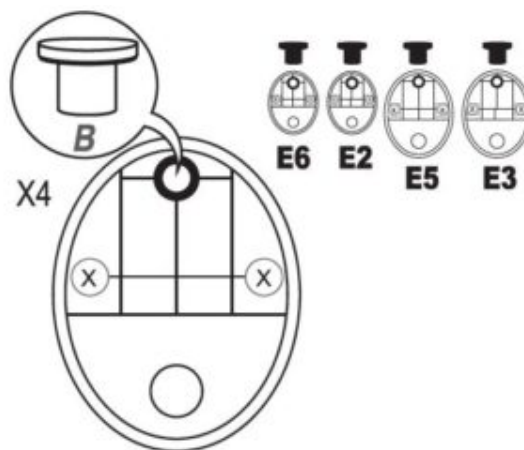

A		X2	C		X1	E	   	
B		X4	D		X1	F		X1

1. Suction Cups Assembly

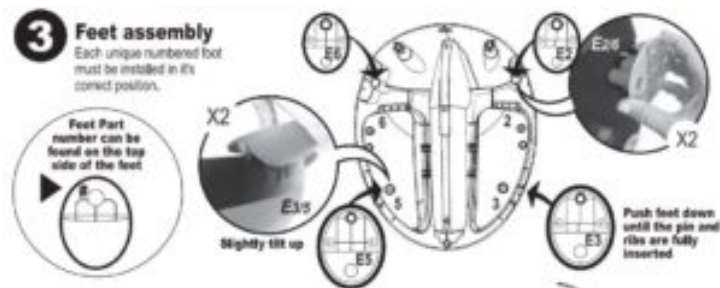

Insert one side of the suction cup head (part A) into slots# 1 and # 2, rotate left and right while pressing down strongly.

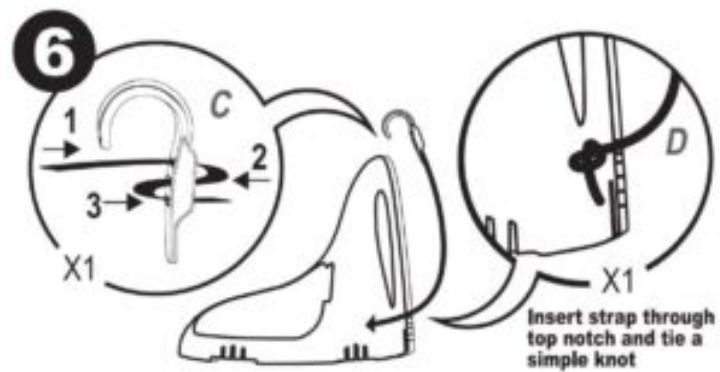

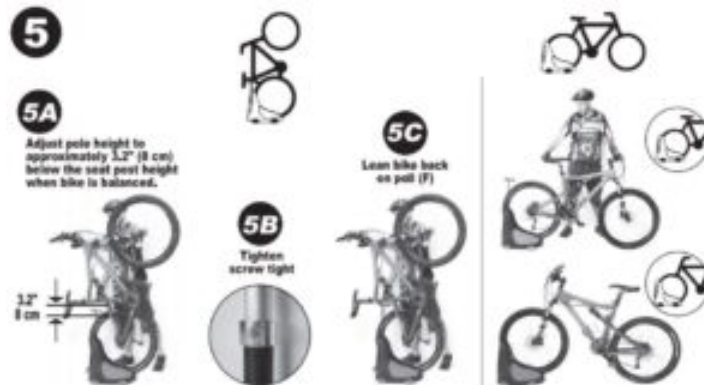

2. Round rubber pads

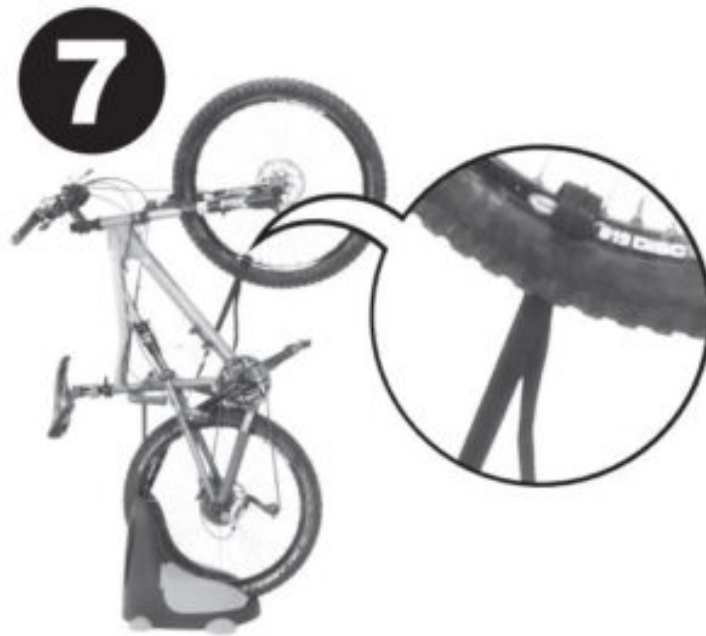

- Insert one round rubber pad (Part B) into the upper socket of each foot.

- Your Pole can be used in 3 position by simply rotating it

Warning

- Do not place near small children or pets
- Do not place on dirty or oily surface
- Do not place on slopes
- Do not lean on the bike stand or the bike itself
- Do not lean any objects or other bikes on bike while in bike stand
- Do not seat or climb on bike stand or bike
- Do not mount bike stand on the wall Keep this information for future reference
