V5L-IG High Speed Biometric Access Control Terminal

ZKTECO V5L-IG High Speed Biometric Access Control Terminal Installation Guide

Contents

ZKTECO V5L-IG High Speed Biometric Access Control Terminal

Product Information

Specifications:

- Product Name: SpeedPalm-V5L
- Version: 1.0
- Installation: Indoor use only
- Effective Distance: 0.3 to 2m
- Manufacturer: ZKTeco

Product Usage Instructions

About the Device Installation:
Please follow these recommendations for installation:

- Install indoors only
- Keep an effective distance of 0.3 to 2m
- Avoid installation near glass windows
- Avoid direct sunlight and exposure
- Avoid use of any heat source near the device

Tips for Device Maintenance:
Avoid direct contact with sunlight for a long time. Protect the device from moisture, water, and rain. Handle the device with care. Ensure the device is not installed near the sea or in locations prone to metal oxidation and rust.

Protect from lightning. Avoid usage in acidic or alkaline environments for extended periods.

How to Install the Device on the Wall:

1. Stick the mounting template to the wall and drill holes according to the template.
2. Insert the expansion tubes into the mounting holes.
3. Attach the backplate on the wall using wall mounting screws.
4. Attach the terminal to the backplate.
5. Fasten the terminal to the backplate with a security screw.

FAQs
