ZO-Memory Memory 7 Pro Video Recording Monitor

Packing List

- Carry Case*1
- Monitor*1
- Tempered Screen Protector*1
- User Manual*1
- HDMI Cable*1
- SDI Cable*1
- Hot Shoe Mount*1
- Dusting Cloth*1
- SD card*1

Buttons And Ports

1. Power ON/OFF Button
2. Custom Function Buttons
3. HDMI Interfaces
4. 3.5mm Headphone
5. DC Input
6. SD Card Slot
7. 1/4"-20 Thread Hole
8. USB Upgrade Port
9. NP-F Battery Plate
10. SDI Interfaces

Monitors Assist Icons

2. This position represents the camera position. click up and down to adjust
3. This position represents the shooting site, click up and down to adjust
4. This position represents the number of cameras, it is not adjustable and the digital number increases with the number of shootings

Notes

1. Exceptions in Connection

- a. Zoom, Anamorphic, Waveform, these three functions can only be opened one at a time. Such as when the Anamorphic function is open, has opened the Zoom or Waveform will be forced to close.
- b. When HDMI IN, there is no SDI output. When SDI IN, both HDMI and SDI can be output.

2. SD Card Description:

SD Card Identification and Use Problems

- a. The SD card of this product does not support hot-swapping, if the SD card is inserted and removed during use, causing abnormalities such as the card cannot be recognized and the screen interface cannot be operated, please restart the device.
- b. The newly purchased SD card has to formatting by monitor's "SD Card Format" function before normal use.
- c. The recommended capacity of SD card is 32G-128G

3. Record and Playback

The Abnormal Phenomenon of Using Recording and Playback: Synchronous recording (Trigger/TimeCode)

- a. The camera needs to support HDMI Trigger/TimeCode
- b. Trigger/TimeCode function is turned on
- c. When recording video using 1080I60/50, the format of the recorded video will be converted to 1080P30/25.

Technical Parameters

| | |
|------------------------|---|
| Model No. | Memory 7 PRO |
| Screen Size | 7"TP |
| Screen Resolution | 1920*1080 |
| Aspect Ratio | 16:9 |
| Brightness | 2200nits |
| Color Gamut | DCI-P3 |
| Contrast Ratio | 1800: 1 |
| Viewing Angle | 170° (H/V) |
| Output Interface | HDMI output, SDI output, 3.5mm Headphone output |
| Input Interface | DC In , HDMI input, SDI input, SD Card Slot |
| Video Recording Format | MP4(SD card format exFAT)① |
| LUT Format | cube file (17*17*17 and 33*33*33)② |
| Audio Frequency | 48kHz |
| Power Supply Method | NP-F / DC IN |
| Input Voltage | DC7-16V |
| Power Consumption | < 10W |
| Firmware Updates | SD card updates |
| HDMI&SDI-Lut Output | support |
| Material | CNC aluminum alloy shell |
| Product Color | black |

| | |
|----------------------------|--|
| HDMI Input Signal Formats | 4096*2160P25/24/23.98 |
| | 3840*2160P30/23.98/25/24/23.98 |
